

20TH YEAR. NO. 109.

EAST LIVERPOOL, O., FRIDAY, MAY 8, 1903.

TWO CENTS.

A PROPOSED INCREASE WAS NOT SANCTIONED

Resolution Looking to General Advance in Pot- ters' Wages Defeated in Convention.

UNIFORM CONDITIONS ARE TO BE SOUGHT

BY O. H. BOOTON.
Staff Correspondent.

Wheeling, May 8.—As predicted in the News Review, the first resolution to come before the N. B. of O. P. convention demanding a general increase to the trade, was defeated. This resolution was from No. 16 of East Liverpool. There are several other measures providing for general increases that will meet the same fate, say prominent delegates.

Much was accomplished this morning toward establishing uniform lists among the sanitary and general ware operatives of the east. It can be safely stated that the conditions in the entire trade east and west, sanitary and general, will be made uniform before the convention adjourns.

A historical gavel was presented to the convention by Delegate John Morgan on behalf of the clay workers of Trenton. The gavel was turned from an oak timber preserved from the first pottery ever built on Jersey soil, and probably the first built in America. The building was entirely of stone, and stood until a few years ago, at the intersection of Princeton, Pennington and Broad streets. The spot is also historical from the fact that it marks the opening of the attack upon the Hessians by Col. Washington in the battle of Trenton.

The gavel is symbolical of the return of the eastern operatives to the organization. Delegate Morgan stated that they are with it in spirit as well as in fact. President Hughes responded in a neat speech of acceptance, stating he was glad to receive a token that the differences with the east were over.

Many minor resolutions were presented and disposed of this morning, and several important measures enacted. The resolution from No. 12 reported back to the local at a former session, was presented in modified form and adopted. The resolution establishes apprenticeships in this branch. The jigmen claim that it will work to the betterment of the trade. Such a law was enforced up until 1900, when it was abolished.

The price list committee recommended a resolution for the adoption of a uniform price for making sanitary saggars. This resolution was presented by No. 63, of Trenton, and was adopted by the convention.

Another resolution from the price list committee recommending the enforcement of the present uniform list for general saggarmaking in the east, was adopted. The uniform list governing this trade in the west is now in force.

From the same committee was a recommendation for the establishment of a uniform list for placing sanitary kilns. The measure was presented by No. 23, of Trenton, and adopted.

DAY OF BUSINESS NIGHT OF PLEASURE

POTTERS MADE MUCH PROGRESS WITH WORK YESTERDAY.

A Pleasant Evening's Entertainment Succeeded Many Hours of Hard Work.

BY O. H. BOOTON.
Staff Correspondent.

Wheeling, May 8.—This has been the busiest session of the convention. The committees held caucuses yesterday afternoon and evening so that there would be no delay in the general body. In spite of the hard work they have been doing and their many extra meetings, the convention had to adjourn an hour before time yesterday afternoon because all the resolutions reported had been disposed of.

As the convention proceeds there are fresh evidence of conservatism and intelligence in dealing with the matters before it. Two of the resolutions affecting the wage scale of the entire trade, which were presented Wednesday and deferred until today, will no doubt be defeated if

put to a vote. A number of delegates, prominent in the convention work, have expressed this opinion.

Many of the important resolutions remaining to be reported deal with the evils in the trade rather than increase. It is not at all unlikely that legislation will be enacted to make the shops strictly union. Some shops are now operated under this plan. In the majority of the plants, particularly in East Liverpool, operatives are permitted to work who are not members of the Brotherhood. They reap the benefits without shouldering any of the expense and responsibility. Carelessness in this matter may work harm to the organization and the delegates realize it.

A delegate said today: "This evil can be compared to a rotten speck on an apple. It will not become smaller and may grow." Local No. 4 has a resolution to require all pressers to hold working cards from the local.

There would be considerable opposition to any measure making this compulsory to the entire trade. Many of the delegates are not in favor of forcing men into the organization unwillingly, claiming they would be a detriment rather than a benefit. If the question comes up there will be some lively discussions.

Much is being accomplished toward correcting certain evils and establishing uniform conditions. At the close of yesterday's session two important resolutions relating to the uniform scale for the east, for the jigmen and kilnmen, were yet in the hands of committees.

The east had its inning yesterday, particularly at the afternoon session. An enormous amount of work was accomplished, but the end is not yet in sight. The delegates are working faithfully, sacrificing many pleasures. There has been no "soldiering" by the convention and very little needless discussion. There was talk last night of night sessions. As it will no doubt be necessary to hold over until next week, the present hours may not be disturbed.

At the session yesterday afternoon, local No. 54, of New Castle, proposed a plan for the investment of the organization's defense fund. The fund has grown to such an extent that its profitable investment is no small matter. There have been few, if any calls upon since the big strike of 1893. Some idea of its extent can be learned from the plan from No. 54. It proposed that the Brotherhood erect and operate a six kiln general ware plant but before the details were reached the plan was rejected.

The committee on law reported favorably on a resolution defining the hours for the sanitary workers. The members of this branch, as in others, choose their own time for commencing and quitting work. The resolution fixes the hours at from 7 a. m. to 6 p. m. It was adopted by the convention.

A resolution from the state of the order committee, providing for the purchase by the Brotherhood of the Pottery Herald, was defeated. The plan was to make it the official paper and distribute it to all members in good standing. Another resolution, endorsing the Herald as the official paper, was passed.

No. 9 was successful with its resolution to establish minimum and maximum age for apprentices in this branch of the trade. Heretofore there has been no restriction, but under the new law the apprentice must be between the ages of 18 and 35.

Two resolutions, affecting the packers of the east, both sanitary and general, were adopted. This is the first legislation of the session dealing with the packing branch of the trade, but others are to be considered. The first of these two measures provides for the establishment of a uniform piece scale for the sanitary packers. It carries very little, if any, increase over the price now paid for packing. Eastern packers want the enforcement of the uniform piece scale adopted for the general ware branch at the last

convention. This list is now effective in the west, although in some plants boss packers have contracts and have their help. A blow at this evil that will no doubt eradicate it will be dealt before the session ends.

Chairman Ed. Menge, of the auditing committee, reported yesterday afternoon. As previously stated, all the books were found to have been carefully, accurately and neatly kept. The report was accepted and the committee dismissed.

The price list committee will be in session 9 hours today and one or two of the others will have sessions almost as lengthy. Treasurer John Woods had individual work yesterday that kept him away from the main body. President Hughes is often called before the committees and in his absence First Vice President Hutchins presides. One valuable man for the committees is Reuben Smith, delegate from No. 54, of New Castle. He is known as "the traveling potter," and it is stated that he has worked in every plant in the country. He has gained a minute knowledge of conditions, methods and prices and he is

[Continued on Third Page]

GOLDEN EAGLES' GRAND PICNIC

Thousands of Them Will Compete For Prizes at Stanton Park in June.

LOCAL CASTLES TO ATTEND

Jefferson castle, No. 39, Knights of the Golden Eagle of Steubenville, is making preparation for the thousands of members of that order who expect to attend the sixth annual picnic of the organization at Stan Park June 6. Buckeye castle, of the East End; Hope castle, of this city, and McKinley castle, of Chester, have had committees at work for some time arranging for the transportation and comfort of their members who will attend the picnic. A number of the castles from this section will compete in the several contests for which cash prizes have been offered. The local orders have encountered some difficulty in the matter of securing satisfactory arrangements with the C. & P. railroad. The company could not guarantee a sufficient number of cars to accommodate their crowds, and it has been decided to negotiate with the Panhandle road. If this can be done the trip will be made from the other side of the river.

The general committee of arrangements has made up the following list of prizes: For the best drilled commandery, first prize, \$100; second prize, \$50; to the commandery coming the longest distance and having the largest number in line, \$25; to the castle coming the longest distance, \$25; to the castle having the largest percentage of membership in line, \$25; the Jefferson castle of Steubenville will not compete for any prize. The parade will take place at 11 o'clock in the morning of the 6th. The prize drills will not begin until 2 o'clock in the afternoon, and will be held at the park.

CLAIM \$1,000 IS DUE

For Defective Fire Clay Blocks Or- dered by a Wellsville Concern.

Lisbon, May 8.—(Special.)—The case of the Vulcan Clay company, of Wellsville, against John Lyth & Son, of Buffalo, N. Y., came on trial yesterday afternoon. The hearing was postponed to give time to make some changes in the petition and answer. The plaintiffs allege that there is a remainder due on an account amounting with interest to about \$1,000, which has been standing for a number of years. The basis is a claim that defective fire clay blocks were shipped to Buffalo, N. Y. These blocks were manufactured by Lyth & Son and ordered by the Vulcan Clay company.

Appointed Administratrix.
Lisbon, May 8.—(Special.)—The late William Buente, of Liverpool township, having left no will, Anna Buente has been appointed administratrix with \$5,000 bond. Appraisers, Thomas Creighton, William Foutts and Henry Buente.

Malkin is in Jail.
Lisbon, May 8.—(Special.)—Constable Copestick brought Allen Malkin to the county jail yesterday from Justice Daniel McLane's court in East Liverpool. Malkin is charged with non-support.

ANTI-SALOON MEN HEADED THIS WAY

Agents Visiting Eastern Ohio Cit- ies to Secure Needed Financial Aid.

THIS CITY ON THE CIRCUIT

Rev. P. A. Baker Scores the Steuben- ville Prohibitionists for Their Nig- gardiness—Some Opposition to League Methods Is Manifested.

From a Staff Correspondent.

Columbus, May 8.—Just now the Anti-Saloon league is paying considerable attention to eastern Ohio. Not that it is mixing up in any legislative fights, but there is money to be raised for the support of the league and this part of the state can always be depended upon for much financial assistance. Occasionally, however, some city does not give as generously as Rev. P. A. Baker, league state superintendent, thinks it should, which usually moves him to say unkind things about the city and its inhabitants.

Baker and other Anti-Saloon league speakers last year held field day services in Steubenville churches and the amount they raised there for the good of the cause was less than enough to meet the expenses of the speakers. What Baker said about Steubenville and its church people was a plenty. Last Sunday the league again visited Steubenville. The people remembered the hot ones Baker handed out last year and the reception they gave him this time was very similar to the preceding one. Next Sunday Baker and his cohorts will do a turn at Canton and Massillon and the Sunday following wicked Youngstown will be invaded.

They will reach East Liverpool the first Sunday in June and as a result of the recent mayoralty election expect to walk away with a good-sizedwad. There are a goodly number drawing salaries from the league and they are anxious to hold their jobs. Since Supt. Baker and Joe Miller, agent for the brewers, formed an alleged partnership with regard to the passage of the Beal law many have questioned the sincerity of the Anti-Saloon league and look upon it as a money making scheme.

STEPPED IN FRONT OF A STREET CAR

JAMES DEACON WAS KNOCKED DOWN AND BADLY HURT.

As a Result of the Accident One Foot Had to Be Amputated Above the Ankle.

James Deacon, a well known presser, aged 50, was made the victim of a deplorable accident at 4:30 yesterday afternoon on West Market street when he was struck by the Pleasant Heights car and knocked violently underneath. The front wheels passed over his right foot and in a few hours after his physicians found it necessary to amputate the member.

The accident it seems was due to Deacon's overindulgence in liquor and his impaired hearing. He started across the street opposite McQuilkin's livery barn and it is said by onlookers deliberately stepped in front of the car. The motorman, Dudley Byers, eyewitnesses say, rang the bell vigorously and did all within his power to prevent the collision.

After it was seen that Deacon had been injured several ran to his assistance and finding that his foot was badly crushed they carried him to a nearby store and summoned the ambulance wagon. Upon its arrival he was placed on stretchers and removed to the office of Dr. Elliott.

The physician discovered upon examination that the foot was very badly injured and in anticipation of a surgical operation had the man removed to the home of his brother, Richard Deacon, Union street, and summoned Drs. James Taylor and W. N. Bailey to assist him in caring for the patient.

Though the physicians tried to convince themselves that the wound could heal without amputation they found that it was the only remedy, and while Deacon was suffering terrible pain the operation was performed, the foot being removed at a point three inches above the ankle. Antidotes were administered to alleviate the pain and today he is suffering but little.

SLANDER CASE IS NOW ON TRIAL

East Liverpool Young Woman Wants \$5,000 Damages for Being Called Ugly Names.

Lisbon, May 8.—(Special.)—The East Liverpool slander case in which Miss Anna Everts is plaintiff, asking \$5,000 damages from Mrs. Freda Wasbutzky, was up in court this morning. The plaintiff alleged that on June 26, 1902, the defendant in the presence of witnesses used this language: "You are nothing but a chippy. You are a dirty, low-lived chippy." In her answer the defendant says she had no knowledge of the plaintiff's reputation at the time of the alleged utterance. She admits having used the expression, "You are a chippy" when angered, but did not do so with any malicious or defamatory intent.

Miss Everts has been employed at the home of Mr. and Mrs. A. W. Clark in East Liverpool since last June, and the trouble grew out of ill-feeling between the Clarks and their next door neighbors, the Wasbutzky family.

HOW THE VOTE STANDS TODAY

Large Batches of Coupons Re- ceived and More Are on Their Way.

POTTERS WILL GET PRIZES

A large batch of votes was received at the News Review office yesterday. A greater number will doubtless be brought in tonight and tomorrow, as the end of the week usually sees interest in the contest for the prizes at a very high pitch. There are doubtless many thousands of Series C coupons ready to be voted and there is now but a short time to get them in before they become invalid.

A free trip to Europe and a free trip to Atlantic City or to the resorts on the great lakes are the prizes to be won by the two contestants voted the most popular representatives of organized labor in East Liverpool and vicinity. As is appropriate in a community where the majority of the people depend upon the manufacture of crockery for a livelihood, the prize winners will be potters. The voters have decided this much. Who the lucky ones shall be depends upon the amount of effort put forth by themselves and their friends in the matter of getting votes. It is noted that coupons and nothing else, hustle in the votes.

The following candidates have received 100 votes or more:
Thomas Neal, Riverside Park, 18,319
Thomas Lownds, Fourth street, 12,660
J. E. Anderson, Lincoln avenue, 11,910
Matthew Curran, Jethro street, 6,550
Walter S. Crewson, Sebring, 4,552
George Millward, city, 2,236
Wash Williams, city, 1,779
J. A. Morrow, city, 872
William Mayer, Bank street, 555
Major Adams, city, 293
John Cowey, city, 248
John O'Shea, Fourth street, 205
George Smith, Fourth street, 204
Michael Callahan, Sunnyside, 150
Andrew Brannen, Wellsville, 160

TOM JOHNSON'S TENT FOR THE CENTENNIAL

Will Be Used at Lisbon And Is Capa- ble of Seating 7,000 People.

Lisbon, May 8.—(Special.)—W. S. Potts, as chairman of the committee on tents for the centennial celebration, was in Cleveland yesterday and completed arrangements with Hon. Tom L. Johnson for the use of his large tent, 90x120 feet in size, and capable of seating nearly 7,000 people. The tent will be used for speechmaking and for the grand ball given Wednesday evening, June 17.

A wood floor will be placed in the tent and the music will be furnished by the full Grand Army band of Canton. The tent will be erected a week before the event.

THE RUSSIAN BEAR MEANS BUSINESS

Czar Reoccupies New Chuang With a Large Force and Gar- risons Forts.

Peking, May 8.—(Special.)—The Russians have reoccupied New Chuang with a large force and put garrisons in the forts at the mouth of the Liao river.

THE DAVID HARUM ACT RECALLED BY THE VICTIM AND JOCKEY PUNISHED

Horse Trade With John Ecker Resulted in a Countryman Getting His Nose Broken. Two Rustics' Troubles.

The visit of two rustic gentlemen, J. F. Campbell and M. L. Warrick, both hailing from the vicinity of Frankfort Springs, Pa., to the city yesterday resulted most disastrously, one landing behind the bars twice and the other narrowly missing a similar fate. Campbell was first arrested by Officer McDermott for being drunk, and early in the evening he was locked up again by Chief Weman on a similar charge. Warrick was also drunk when he applied to see his friend and the chief let them spend the night together.

When arraigned this morning Warrick presented a deplorable appearance. His eyes were black and his nose was broken. He had been in the worst fight of his life. A horse trade and booze were the cause of it all. About two years ago he was in the city and meeting Jack Ecker, the salaried who holds forth opposite city hall, sold him a horse and double set of harness for \$55. Before the sale was made Ecker says Warrick swore that the horse was sound as a dollar and gentle as a lamb. In less than a week after the trade Ecker was standing at the rear of his new purchase when both heels suddenly flew into the air and in a second's time Ecker was crouching in a corner with three ribs broken and suffering from numerous other bruises.

For a number of days Ecker was laid up and his doctor bill was no small amount. He felt that he had been gelded, and upon recovery applied at the office of a justice to have Warrick arrested for obtaining money under false pretenses, but later decided to wait until he met Warrick. Warrick's entrance into his saloon yesterday was the first meeting since the memorable trade, and Ecker was not long in reminding the rustic of the affair. Warrick was told that he had played a cheating game and that there would be trouble if he did not put up enough money at least to pay

ANNIVERSARY OF LIBRARY OPENING

A CELEBRATION OF THE EVENT TO BE HELD NEXT WEEK.

J. J. Purinton Reports Considerable Money Raised Toward the \$1,000 Desired.

In commemoration of the first anniversary of the dedication of the Carnegie public library, just one year ago today, the directors had intended to celebrate this evening in a manner interesting to the general public, but for various reasons it was impossible, and it has been decided to make the celebration on some evening of next week, when a public reception will be held in the beautiful halls and parlor of the library.

Miss Gertrude Baker, who has so ably held the position of librarian during the year, will have charge of the ceremonies and has appointed committees to assist. One of the features of the evening will be a concert, and though it has not yet been decided it is probable that members of the board will deliver addresses.

While the crowds are thronging through the library they will be kindly reminded of the fact that subscriptions of money and books are being eagerly sought and any wishing to help the great institute along will be accorded the privilege. It will be remembered that Prof. W. L. Thompson, a member of the library board, upon discovering the financial condition of the library, volunteered to donate \$1,000, providing a similar amount could be raised by subscription from other generous citizens. The remaining members of the board were very thankful to Mr. Thompson for his offer and at once set about to raise the desired amount. They held a meeting and each member of the board agreed to take a paper and visit his friends for the purpose of securing subscriptions. So far but one report has been tendered. It was given by J. J. Purinton, who was very successful in his efforts. The names and the amounts received

the doctor bill. After considerable wrangling he decided to give the saloonist \$10 and did so.

The feeling, however, was not of the best, and both men talked and threatened until a terrific fight ensued in which Warrick got decidedly the worse of it. He was knocked out in the first round and the attention of a physician was necessary to patch his face and relieve his pain. He was fined \$2 and costs for drunkenness and Chief Weman offered to help him get back the \$10, but for some unknown reason he would not press the claim.

Campbell does not come to town very often and it does not take city drunks long to get into his hair. He had had only a few when he was nabbed by Officer McDermott, but he was about as drunk as a man could be. He pleaded so hard to go home that Mayor Weaver gave him an immediate hearing and after paying a fine of \$5 and promising to leave the town, he was dismissed. The mayor was greatly surprised when the same individual faced him for the second time this morning. He said that it was "thoroughly bright" his intention to go home, but when he went for his rig he discovered that his partner had gone to the East End with it and while he was waiting for him to return he wandered again to the saloon of Ecker, where he had got his first dose. A couple more drinks settled him and the proprietor persuaded him to take a bed.

When he awoke he staggered over to the city hall and fell into the hands of the chief. This morning he attempted to make the officers believe that he had been robbed but when Chief Weman investigated he found that Ecker had held his money for safe keeping. He paid another fine of \$5 and accompanied by his partner left on the 19 miles drive for home and friends. They both said it would be many a day before they would visit East Liverpool again.

ed up to date by Mr. Purinton are as follows:

J. J. Purinton, \$100; C. A. Smith, \$25; A. S. Young, \$25; E. W. Hill, \$25; Builders' exchange, \$50; D. M. Ogilvie, \$15; Hard Furniture company, \$15; D. T. Calloun, \$10; D. J. Wallace, \$10; W. Erlanger, \$10.

The members of the board are: G. V. Travis, Thomas Collins, W. B. Hill, V. Gilbert, J. J. Weisend, George Bach, W. L. Thompson and J. J. Purinton. Any of them will gladly receive any donation and, Miss Baker, at the library, will welcome you.

Salem Gamblers Fined.
Lisbon, May 8.—(Special.)—J. Patterson and Clyde Brian pleaded guilty in court yesterday afternoon to one indictment each for gambling. Each was fined \$25 and costs. Both are from Salem.

Critically Ill.
Lisbon, May 8.—(Special.)—Charles Tidd, proprietor of Tidd's cigar store of this city, is critically ill with catarrh of the stomach. He was removed to Riverside hospital yesterday afternoon.

WITH THE WORKMEN IN THE CLAY PLANTS

MAKING GOOD WARE.

The Dresden China company, of Salineville, has drawn its second glost kiln and the product has been pronounced first-class. This was an agreeable surprise to many, as usually a large percentage of the ware is not first-class when the kilns are new. The kiln just drawn is fine. The color is a pure white and unlike a part of the first kiln. Several pieces of ware that had been fired before were placed in this kiln and when taken out were as good a color as that which had been fired but once in the glost kiln. A potter who was near when the ware was drawn

made the remark that if such ware as that could be turned out Salineville would be hard to beat. The clayhands are not working this week, owing to the large stock of green ware in the drying rooms. It is estimated that the company has at least \$10,000 worth of stock in the green rooms.

WORK AT THE CHELSEA.

Work is progressing at the Chelsea at New Cumberland. Twelve potters and 11 jigmen are at work and the product of the factory is now being fired but once in the glost kiln. A potter who was near when the ware was drawn

No Dessert More Attractive

Why use gelatine and spend hours soaking, sweetening, flavoring and coloring when

Jell-O

produces better results in two minutes? Everything in the package. Simply add hot water and set to cool. It's perfection. A surprise to the housewife. No trouble, less expense. Try it today. In Four Fruit Flavors: Lemon, Orange, Strawberry, Raspberry. At grocers, 10c.

kiln each week day and one on Sunday. In a very few days it will be turning out a glost kiln on Sunday. It is getting the moulds in shape to turn out a lot of fine toilet ware and this will add considerably to the output. The decorating shop is getting ready to start in full. It has been held back in this department owing to a shortage of covered dishes, being unable to get them through as fast as the flat goods. It is generally conceded that it will be much better for everybody that the big factory dropped the scheme goods and has started to make a general line of ware.

THE SAME OLD JACK.

One of the prominent delegates attending the potters' convention is John Darrah, of East Liverpool, erstwhile known as "Jack" Darrah, and who will be remembered as the captain of the Twin Cities team of the Inter-State ball team of 1895, and for a short time manager of the Wheeling club of the same league in 1896. He is the same old "Jack" and doesn't look a day older than he did when wearing the uniform of the Wheelings seven years ago, says a Wheeling paper.

NO HOUSES TO BE HAD.

Forty people who work in the Chelsea live in Toronto and points on this side of the river. The Chelsea ferry ferries these 40 people to and from work at \$1.50 per month and they pay street car fare in addition. An investigation shows no houses can be obtained in New Cumberland. Notwithstanding rents are going up and will go higher. New Cumberland people will not build houses.

WEST VIRGINIA PROJECTS.

A Wheeling paper reports that the Benedum Bros., of Cameron, W. Va., principal owners of the new pottery there, have about completed arrangements for a pottery in Moundsville. It is also rumored that they are negotiating with two other West Virginia towns for the erection of plants.

Disobeyed a Subpoena.

William Smith was taken to Steubenville jail from Wellsburg yesterday for disobeying a subpoena in "Squire Love's court. He was the principal witness in the case of the state against John Ramsey for dynamiting fish, but after seeing Constable Maple and his subpoena he got drunk and was locked up, being in jail when he ought to have been in Steubenville.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

At Work on Double Track.

Salineville, May 8.—(Special.)—Work on the C. & P. double track was inaugurated when about 15 men, carpenters, started to erect shanties for the accommodation of the laborers and tool houses at Rockville, about one mile above Salineville. A gang of workmen arrived last evening and will see active work on the new roadbed for the double track began today. A couple of steam shovels will be taken to the point and put in operation as soon as possible.

Terrible plagues, those itching, pestering diseases of the skin. Put an end to misery. Doan's Ointment cures. At any drug store.

Crook's

Never

Have we experienced such tremendous Carpet selling as we have done this Spring. About the middle of April we found we were going to run short. Then began a hustle for Carpets, and things looked blue for us, as the mills had nothing, all the jobbers had cleaned up and the only thing left for us was to buy next fall's patterns, on which the mills are now working. They're coming in now, every day brings rolls of New Patterns. Of course we had to pay more money for them, as Carpets are going to be higher in the fall.

But We're Going to Sell Them at This Spring's Prices.

We don't have to send for your carpet. We'll cut it while you wait.

EAST END

DOUBLE CELEBRATION

Birthdays of a Well Known Potter And His Wife Pleasantly Observed.

The fifty-ninth birthday anniversary of Henry Lambert Koenig and the fifty-second birthday of Mrs. Koenig were jointly celebrated at the family residence, on Erie street, last night. Members of the East Liverpool Liederkranz society were present, and the harmonious gathering kept the singing and other enjoyments up until long after the midnight hour.

Mr. Koenig is one of the oldest and most popular pottery operatives in the city, having learned his trade in Germany and working continuously at the business for 75 years. The large circle of Mr. Koenig's friends who were present last night were loud in their praise at their excellent reception.

Special Service Sunday.

A special service for the young people will be held in the Erie street M. E. church Sunday evening at 8 o'clock. The pastor, Rev. G. W. Orcutt, will conduct this meeting. Rev. Mr. Orcutt returned yesterday afternoon from Wintersville, O., where he has been attending the bi-centenary of the birth of John Wesley. The meeting was addressed by eloquent ministers of the gospel. Rev. Drs. S. S. Fisher and C. E. Manchester, of Steubenville, and Dr. A. W. Gruber were among those who spoke. The district quartet had charge of the music and the meetings were interesting and excellently attended.

Gas Company Reorganized.

A meeting was held in the office of Attorney J. E. Davis last night and arrangements perfected for the organization of the Rock Run Oil & Gas company. A board of directors were elected, consisting of T. W. McCain, J. S. Fisher, Frank J. Allabaugh, William A. Andrews and William C. Smith. F. W. Allabaugh was chosen as treasurer and Attorney J. E. Davis as secretary. The board of directors will hold a meeting tonight, at which trustees will be appointed.

Telephone Work Finished.

S. M. Rodgers, field man of the Central District & Printing Telegraph company, was in the East End yesterday and this morning and has completed his work of completing the records of the new work that has been done by the company in the East End. The service of the company in setting the new poles has been finished and no more new work will be done at present.

EAST END AFFAIRS.

Mr. and Mrs. Herbert Harrison, with their household goods, left for Cameron, W. Va., last night.

William Williamson, of Marietta, who has been the guest of Miss India Lewis, of St. George street, has left for his home.

Rev. J. P. Leyenberger will speak at the Second Presbyterian church this evening. The subject will be one of much interest.

Supt. John Arnold, of the Flint mill, has returned from a business trip at Wolf Run, Pa., where he has been in the interest of the company, purchasing hickory timber.

Mrs. Edward Barrett, formerly residing in Chester, but now of Barborton, is the guest of Mrs. Maggie Mercer, of St. George street. She reports the pottery at Barborton running in excellent shape, with plenty of orders on hand.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by Alvin H. Bulger.

ONLY GUARANTEED CATARRH CURE.

Hyomei Costs You Nothing if It Fails Says Will Reed.

Among the many medicines upon the market that claim to cure catarrh, none but Hyomei has enough faith in its own merit to be willing to refund the money if it does not cure.

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under a positive guarantee to return the money to all dissatisfied customers. Will Reed sold thousands of Hyomei outfits in the last few years, and have had only two customers ask for a return of the money, which in every instance was promptly and cheerfully returned. They stand ready today to refund the price to anyone who is not helped by Hyomei.

The complete outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a life time and additional bottles of Hyomei can be obtained for 50 cents.

Breathe Hyomei for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured in a short time.

Do not try to cure catarrh with ordinary stomach medicines. Breathe the healing Hyomei which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

It is the only treatment for catarrh where you can get your money back from a local dealer in case it does not help you.

A PROPOSED INCREASE WAS NOT SANCTIONED

Continued from First Page.

often called upon for information and advice.

The lady delegates are to be commended upon their earnest and faithful service. They are well represented on the committees, and will have several measures effecting the women's operatives.

Last night the delegates were banqueted by the reception committee from the Wheeling locals. The evening was greatly enjoyed, particularly as it was a relaxation after the hard work of the day. The Wheeling operatives are sparing no pains or expense in providing for the entertainment of the delegates and they are to be congratulated on the success of their functions.

The banquet was in Pythian Castle and the large auditorium was tastefully decorated with American flags, bunting and palms. Four long tables, tastefully embellished with cut flowers, were arranged for the delegates. A small table held the national officers. At the head of this table was Mayor Sweeney and at the foot, Harry Hailes, of the reception committee. The others were A. S. Hughes, Frank Hutchins, Major Adams, Thomas J. Duffy, Sheldon Moore, John Woods and O. V. Barton, of Wheeling, state labor commissioner.

The guests reached the hall, after a pleasant trolley trip to Benwood, at 9 o'clock and were soon discussing this excellent menu:

Baked Salmon.
Potato Salad. Cold Mustard Salad.
Roast Beef.
Mashed Potatoes.
Brown Gravy.
Sliced Tomatoes.
Roast Veal.
French Peas, Radishes, Green Onions.
Westphalia Ham.
Cold Tongue.
Butter. Coffee.
Ice Cream and Cake.
Roman Punch.
Ohio River Water.
Wheeling Tebbies.

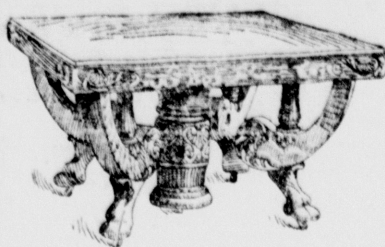

Mr. Hailes presided as toastmaster and introduced Mayor Sweeney, who renewed the welcome to the city he had given last Monday. He said he usually hesitated about handing over the keys of the city to visitors, but he had but one cause to regret it in this instance. Business, he stated, had been very dull, since the coming of the potters.

Mr. Barton followed with a few happy remarks. He had just returned from a trip to Raleigh county, in the mountain regions, where he had investigated labor conditions, and was not in condition or prepared for an address.

When Mr. Hughes was announced, there was prolonged applause. He thanked the local potters for their hospitality. The kind treatment he had received on all hands recalled to him the song, "There Is Nothing Too Good for the Irish"—but he didn't sing it. He believed it should be altered to "There Is Nothing Too Good for the Potters."

Mr. Duffy's name was also greeted with great applause and he responded with his usual eloquence and wit. He convulsed the delegates with several apt stories and made them think seriously by his remarks upon labor issues.

Mr. Hutchins was roundly applauded,

Our line of Tables and other

Smith Hardware Co.

New Smith Block, E Market St.

ed, particularly from the representatives of the press, with whom he has become very popular. One of the preceding speakers had mentioned the delegates were bashful. Mr. Hutchins had observed this, but he said it did not exist among the "delegates from No. 411-44." The East Liverpool press representatives are credited to this mythical local.

John Woods had a statement to make. He is going to devote his time to practice so that he can successfully compete with Ed. Hutton at the table and in beating the local fire department to the fires.

The venerable Major Adams made a brief but very interesting talk, but Sheldon Moore, as he stated it, last but not least, refused to be interviewed. Joseph Cotton was the concluding speaker.

There was an informal program of songs and stories, many of the favorites at Wednesday night's smoker being called upon. E. N. Croxall mounted the stage and talked entertainingly. The delegates accused him of practicing for the sessions of the East Liverpool council.

The hour was late when the guests departed, vowing that Wheeling could always have the national conventions.

A little life may be sacrificed to a sudden attack of eczema, if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

Are your clothes faded? Use Red Cross Bag Blue and make them white again. Large package, only 5c.

SOCIAL EFFICIENCY.

Education of the Child Discussed by Dr. O'Shea, of University of Wisconsin.

PUBLIC PLAYGROUNDS NEEDED

Our Schools Based on Right Idea—Do Not Develop Social Efficiency—Congress of Mothers Have Luncheon and Are Driven Around City.

Detroit, May 8.—The night session of the conference of the American Congress of Mothers was devoted to a paper on "Education for Social Efficiency," by Dr. M. V. O'Shea, of the University of Wisconsin. Prof. O'Shea said:

"The chief problem of education in all times has been to make a social being. The child begins life with the social instincts and impulses of primitive man. Today we try to organize every educational agency to help him grow out of his primitive instincts as rapidly as possible.

"The first principle of social education is to give the child experience with his fellows. Rules, maxims and precepts count for naught with the child brought up alone. Textbook ethics never made a man ethical. Textbook psychology does not teach human nature. Learning rules about social conduct never gives a child understanding of his fellows.

"The home is improving. Parents arrange to have their children to together so that they may learn to live with one another. Our public school is based on the right idea, but it has failed thus far to realize it. Children live in school as individuals—they are isolated—they do not have give-and-take relations which alone develop social efficiency.

Public Play Grounds in Cities.

"The greatest need of the times in the city is public play grounds under direction, where children may learn how to get on with each other. This would be worth more than all the moralizing and catechizing of all the churches and schools.

"The child must learn that social conduct pays. One who shields a child as grandmother and aunt sometimes do from the natural consequences of unsocial acts is his worst enemy. The child before 5 years of age cannot trace cause and effect in conduct and must obey the authority of those wiser than he. The happy child is one who has absolute confidence in a wise parent or teacher. Modern life takes the father and mother out of the home so much that the child does not learn to have respect for real authority. Strong, competent men and women can train children in social efficiency. Weak characters never can, no matter what methods they employ. The child is naturally a bully and will be helped only by those who are stronger than he."

The paper was discussed briefly by Hon. Levi L. Barbour, of Detroit, former regent of the University of Michigan.

In the afternoon the congress had a luncheon at the Hotel Cadillac, followed by a ride about the city.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills, little or big, there is in this country. Them Tablets surely do make one feel joyful."

WELLSVILLE

BACK FROM HOSPITAL

Oscar Anderson, Injured By a Train,
Now a Cripple For
Life.

Oscar Anderson, the young man who had his left leg so badly crushed on the C. & P. railroad at Smith's Ferry and who was taken to Mercy hospital in Pittsburgh where the leg was amputated just below the knee, was brought home to Wellsville today.

The unfortunate young man lives with his widowed mother on Nevada street and was the main support of the family, which consists of a sister and brother. His railroad career has been a rather unlucky one. He has been injured several other times, but not severely, has been in several wrecks and at last the accident came which will end his railroad life. The company has shown Mr. Anderson every kindness while in the hospital and his also favored the family more or less. He is able to get around now with the aid of crutches.

GOES TO ZANESVILLE

William P. Sharer, Well Known in
Business Circles, Becomes Cashier
of First National Bank There.

William P. Sharer, for the past two years cashier at the First national bank, has been chosen cashier of the First national bank of Zanesville. He has made many friends among the business men and citizens generally during his stay in this city and his departure will be greatly regretted. His friends are glad, however, that he is going to a larger field, with excellent prospects of advancement. Mr. Sharer was selected, without solicitation or influence, out of 15 candidates for the Zanesville position, certainly a high tribute to his standing in the business world.

Mr. Sharer learned the banking business at Alliance and came from that city to Wellsville to accept the position he now resigns. He is familiar with all the details of the banking business and will doubtless make a fine record in his new field of labor.

Council Did Not Meet.

City Solicitor Boyd being out of town the city council thought it best to postpone the meeting of last evening until Mr. Boyd could be present, as legal advice will no doubt be needed in the matter of appropriating money to the board of public service. This will be the principal topic to be settled. At present the condition of the board remains unchanged. Engineer

THRONG OF BUYERS CONTINUE

Special Half Price Brings Many Patrons to B. C. Ansley.

The people of East Liverpool and vicinity appreciate the great advantage B. C. Ansley obtained for them, in getting the Dr. Howard company to allow the regular 50 cents size of Dr. Howard's specific, for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles.

Every bottle of the specific sold by B. C. Ansley has had his personal guarantee to return the money if it was not satisfactory, but none has come back, showing the wonderful curative power of this remedy.

It is only recently, on the persistent advice of B. C. Ansley that Dr. Howard's specific has been sold for less than 50 cents, but urged that it would be better to secure a quick introduction in East Liverpool in this way and the result has proven his good judgment.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at B. C. Ansley's today, for he has only a small amount of the specific on hand.

GROGERS GETTING RID OF BAD CUSTOMERS

The New System of Reporting Dead Beats Found to Work Well.

The Retail Grocers' association held a meeting last night and did much important business. The meeting was at George Mayhew's on Fourth street. Reports were heard as to the operation of the new credit system. It was the unanimous opinion that the plan was the very best yet adopted by the organization for the protection of its members. The object is to get rid of the dead beat, and the merchants are doing it.

When a customer becomes indebted to a member of the association and withdraws his patronage, he is at once reported to other merchants. The stores will close all day May 30.

New street hats at Perry's.

BURIED UNDER FALLING ROCKS

Nine Men Killed and Several Injured In Slide at Tunnel at Eggleston Springs.

Rosnoke, Va., May 8.—Nine men were killed and five others injured, three of them fatally, by a slide of rock in the east end of tunnel No. 2 at Eggleston Springs, Giles county, on the Norfolk and Western railroad. Railroad contractors were engaged in double-tracking the two tunnels, and when the tunneling force had removed the earth and stone for the railroad tracks a huge slide of solid stone gave way on the mountain side, striking the gang of laborers at work and crushing the life out of nine men.

This strata of solid rock was connected only by clay seams and when the foundation was removed the strata, some 50 feet long, fell without warning, catching the men in a death trap. One man was in a niche of the tunnel way and escaped with slight injuries. He was removed without great difficulty. A second man was only slightly hurt, but three others were more unfortunate and were injured so badly that it is feared they will die. The bodies of the other nine men, some of whom are white, are still under the mountain side.

A wrecking car and derrick was taken out from Radford, but thus far have been of no avail. There is no likelihood that the bodies can be recovered soon, as the rock will have to be dynamited and removed bit by bit. This is considered dangerous, as the length of the strata cannot be ascertained, and there is imminent danger of a second crash as soon as the base is removed, and a consequent loss of other lives.

It has been impossible thus far to secure the names of the unfortunate victims. They are known only to the contractors and they can judge only by the missing members of the force. One thing that is known is that it was a mixed gang, composed both of white and colored laborers.

TWELVE LIVES LOST IN WRECK

Work Train Derailed by Broken Axle and Plunged Over Embankment. Fire Adds to Horror.

Port Arthur, Ont., May 8.—One of the worst accident in the history of railroading in the west occurred on the main line of the Canadian Pacific railway near Dexter station, 52 miles east of this place. Twelve men imprisoned in the wreckage of a derailed work train were either killed outright or burned to death. Eight others were frightfully burned and a number of them will die. The men were asleep when the train left the track.

The train was running at high speed when it was derailed, presumably by the breaking of an axle. Every car left the track and plunged down an embankment into the ditch. The men who were killed were asleep in what is known as the "boarding" car, which was attached to the rear of the train. There were 36 men in the car. It was crushed like an egg shell, killing some of the men outright and pinning others under the wreckage so that they could not extricate themselves. Fire added its horror to the scene, the splintered wood work of the car being ignited by an overturned stove.

SUMMER NEEDS

Which You Can Supply at the Women's Store.

Sea Island Gingham

They sell for 12½c and 15c everywhere, we have the usual favorites and some pretty new stripes at the underprice of 10c per yard.

White Goods

Fine plain and lace stripe Dimity, 10c, 12½c, 15c, 18c, and 25c.
Fancy stripe and checked Lawns 10c, 12½c, 15c, 18c and 25c.
A good selection of White Mercerized Goods 19c, 25c, 35c, 42½c, 48c and 59c.
Plain Linen, Pique, Nainsook and India Linen at the lowest prices.
Yard Wide Lawn in Mill Remnants at 20c yd.

A BEAUTIFUL SILK SKIRT, full flare, trimmed with ruffled chiffon, \$6.75 is our regular price, but Saturday or Monday buy them for **\$5.75**

AN ELEGANT BROADCLOTH SKIRT, correct style, trimmed with silk straps and covered buttons, colors, mode, green and blue, it has been a winner at \$4.75, but we can't help it, Saturday or Monday we will sell them for **\$3.98**

Come and inspect our line of Voile, Etamine, Taffeta, Peau de Soie, Broadcloth, Venetian and Cheviot Skirts.

PIPING FOR GAS

Workmen of Ohio Valley Company Putting in Much Work in Chester.

A large force of workmen in the employ of the Ohio Valley Gas company is looking after the company's interests in town and also putting in a large number of connections previous to the paving of the streets.

Superintendent G. A. Goodloe is personally in charge of the work in Chester and has suggested to the town officials that they try to have as many of the property owners on the streets to be paved put in their connections for gas, in order that the new pavement will not be disturbed to much after it is once laid. The majority of the owners of property are following out the plan suggested.

Missionary Society.

The ladies' missionary society of the U. P. church held a business meeting yesterday afternoon at the home of Mrs. A. P. Cunningham, Virginia avenue. Mrs. J. Howard Maxwell was elected president of the organization and many interesting topics were discussed. After the meeting a fine luncheon was served.

Bonds in Demand.

A number of inquiries have been addressed to the bond commissioners from companies desirous of purchasing the town bonds. The date set for the opening of the bids is May 25, and but little exertion will be necessary in selling them.

Many New Members.

Chester Circle, P. H. C., will hold an enthusiastic meeting in Bloom's hall next Monday evening. Organizer D. F. White has been adding a large number of candidates to the circle and 15 new members are expected to be present for initiation.

Got a Duster.

E. A. Freshwater & Co., who have been drilling in the Carson field, drilled their No. 7 well in on the Carson farm and found a duster at the depth of 1,228 feet. They will not drill any more at present in that location. Late Carson is making preparations to drill on his farm.

Base Ball Tomorrow.

An interesting game of ball is expected to be played on the Rock Springs diamond tomorrow afternoon.

between the team of Chester and the second team of the Y. M. C. A. The lineup of both teams is expected to be strong.

CHESTER NOTES.

Samuel Allison has accepted a foremanship with the Freshwater company on its street paving contract.

William Martin, of Carolina avenue, who has been employed in Castle Shannon, is expected home on a visit.

Philip Freshwater, who has been visiting Rev. W. E. Gillis, left for his home near New Cumberland last night.

The Ladies' Aid society of the Christian church met last evening at the home of Mrs. Fred St. Clair, of Adolphus street.

Contractor J. A. McDonald has secured the contract for the dwelling to be erected on Carolina avenue by Charles Brandon.

Isaac F. Allison, of Grant district, has recovered from his recent illness and was visiting friends in Chester. Mr. Allison left for New Cumberland today.

The hour of service of the Y. P. C. U. of the United Presbyterian church has been changed from 6 to 6:30 o'clock and the evening preaching service from 7 to 7:30.

A Little Early Riser

now and then, at bedtime, will cure constipation, biliousness, and liver troubles. Dr. Witt's Little Early Riser are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Alvin H. Bulger.

A Little Common Sense

Rheumatism, Eczema, Hives, Tetter, Scrofula, Erysipelas, etc., are caused by impure blood. Purify the blood, and you have removed the cause, and cured the disease.

To purify the blood you must have perfect digestion on the one hand, that the blood may be supplied with healthy nutrition, and perfect excretion on the other that all the impurities may be thrown off.

Life Plant insures perfect digestion and perfect excretions, because it contains ingredients that perform those functions, acting together in perfect harmony. Life Plant is guaranteed to cure Rheumatism, Eczema, Catarrh, Hives, Tetter, Scrofula, Stomach and Liver troubles—and all forms of blood diseases.

Catarrh.

Mr. F. Hurst, Father of Hurst Brothers,
Grocers, New Philadelphia, Ohio, says:

A member of my family for six years or more, has had a severe case of Catarrh in the head and throat causing nervous prostration, with so much pain and roaring in the head, that the hearing had become material. I affected, the stomach deranged and the appetite gone, and with a feeling of prostration and lassitude. Was cured by the use of Life Plant more than a year ago and the trouble has not returned.

COUNTY AND NEIGHBORHOOD

New Cumberland claims to need 100 new houses.

Lake Erie, Alliance & Wheeling trains will soon run to Dillonvale.

Rev. W. F. Weir, a former pastor of the Toronto Presbyterian church, has been installed pastor of the Ashtabula Presbyterian church.

E. L. Carter, who ran a collecting agency in Steubenville, has disappeared. It is alleged he left many debts. His stenographer had his office closed on an execution.

The amount of railroad building that will be done in West Virginia this year will be the largest for years in the state, and more than that of any other state in the union.

The Sebring forge works will perhaps begin operations this week. The works will contain 14 machines, and it is intended to run them double turn, employing from 60 to 75 men.

Miss Florence Wickham, of Beaver, Pa., daughter of the late Judge J. J. Wickham, of the Pennsylvania superior court, has been engaged to sing "Aida" before Emperor William in the Wiesbaden Royal opera house.

Two young men, railroaders, former employees of the C & P. yard force, giving names as C. W. Smith and William Hayes, were arrested and placed in jail at Bellaire. The young men are implicated in a forgery.

The body of William Carothers was caught by Ferryman Samuel Kincaid, of the upper ferry at New Cumberland, about 300 feet below where he was drowned on February 28 of this year. Carothers was a deck hand on the Tom Reese.

Three men accused of robbing farmers about Steubenville have been convicted and sentenced. Ernest Melching was fined \$100 and costs and sent to jail for 20 days. James Nolan got two years and Albert Gaiga 2 1/2 years to the penitentiary.

A young man arrested by Chief of Police Howell at Alliance on suspicion was found to have a number of burglar tools in his possession and was bound over to court under \$5,000 bond. He was a stranger and called himself John Smith.

Death of Bank President.

New York, May 8.—George G. Williams, president of the Chemical national bank, died at his home in Fifth eighth street. He had been confined to his bed for two weeks with a weak heart, the result of an attack of the grip last February.

REALM OF SPORTS JAMESTOWN WON WITHOUT EFFORT

They Found the Y. M. C. A.'s Easy Marks and Piled Up the Runs.

TWO INNINGS SUFFICED

To Cinch the Result, So a Practice Game Was Played—Locals Had No Show for Victory at Any Stage. Easy for Jamestown.

Manager Ralph E. Russell will certainly be tickled if his Jamestown aggregation of independent professionals run into many more snaps similar to that which greeted them in the West End park yesterday afternoon. If he only thought they would he would book every game in the future to be played on the plan, the winner take all.

Generally it is a pleasure for a manager to wire home the news of a victory, but last evening Russell thought the task too ridiculous and no message flashed to Jamestown. It would have been necessary for him to make some sort of an explanation and he most certainly did not want his home people to think that his bunch of stars would take advantage of such a cinch. And cinch it was. To those who witnessed the games last year it reminded them very much of the time the Cuban X Giants piled up a few and then, becoming sympathetic, saved the locals mortification by only scoring when they could not very well get out of it.

There are several reasons why Jamestown rubbed it in on the locals yesterday, but the most potent one is that the Y. M. C. A. team was about teen notches out of class. They are there when it comes to playing Leedsdale or some other very much amateur team, but professionals they must cut out. The fans were sorry, yes very, but they were considerate and the majority of them remained until the slaughter was over. They will get their reward for it and it ought to be a big one.

A more trying ordeal some of the locals never passed through. They were on the point of throwing up the sponge several times, but they realized that it would be all up for a crowd today and tomorrow if they left the field. Empire Rinehart stood gallantly at his post when he really was the most anxious of all to depart. His leaving would have caused an uproar. It has been a long time since a man filled his position so admirably and with him gone the last ray of hope the locals had would have glimmered away. Luckily for the home boys he seemed to see strikes when Barker threw a ball and balls when Whissner threw a strike. That was all that saved the Y. M. C. A.'s. He says it was the first time in years and that it was the last for some moons.

A better diamond or a more favorable afternoon could not have been wished. It was all that could be desired and the crowd was large, too. What a pity that with everything so favorable something better than a practice game was not played! The visitors were more disappointed than they can describe. It was their wish that they at least get warm practice and they were fooled. Rochester was but little better, and they were counting strongly on a work out.

Some of the fans were wondering last evening what the score could have been had the visitors tried themselves in the last six innings. Some figured it at 37 and others not so many, but all were confident that it could have been doubled. It's a good thing for them that they did lie down. They have been in the business long enough to guard that, though. They remember well of looking a series of

games, winning one by a tremendous majority and then walking to the next town. You can't fool Jamestown. It has been there before.

Commencing in the very first inning the visitors started the scores. By their request, they were given the field and the fans were for a while in a quandary over the fact. They knew that no team was so favored last year and could not think what on earth had possessed Captain Billy McNutt. After the game had been in progress a few minutes their reason for the request was easily to be understood. They do not like to play ball longer in one game than necessary and something had told them if they would get the field they would only have to bat eight times.

At the end of the second inning the Jamestown had rolled up enough to insure an easy victory, for they knew that there was going to be no reproduction of a Chicago inning, one like the latter team shoved onto Pittsburgh Wednesday, and they just quit. Six runs were sufficient, and when they scored the seventh it was no fault of Kreuger. He wanted to get out and couldn't.

The fifth inning settled the hash of the locals. Tommie Davis, the hero of the Leedsdale-Y. M. C. A. game, started it well enough, but his backing was poor, and it ended exactly where it commenced. After Davis got first on a pretty little single, Harker stepped forth and did his usual stunt, by striking viciously three times in space. Emmerling made a nice hit, and was followed by the same offense on the part of Baker. The latter was caught napping after Gibson was out at center, and it was all over. The score:

ASK LEWIS BROS. ABOUT IT.

runs on inexcusable errors, and young Lindsey's pitching, proved an insurmountable obstacle, though the white-winged hand that holds up Morley for salary as ball player, got the rabbit who was pitching for Uncle Harris to going a plenty in the sixth and seventh. Young Mr. Lindsey surely can pitch, even if he is about the smallest package that has been handed out in base ball delivery this season. A bunch of curves that would make the Venus de Milo look like a cracked ship in a dew deck; change of pace like an old man trying to ride a new bicycle; shoots that shoot, and a motion that beats the famous Tracy jail delivery half a mile, are his goods. If there are any more like young Mr. Lindsey, Los Angeles can use one or two.

"Early in the first inning the rabbit broke out a drop ball that looked like a man falling out of a balloon, and the Scraphs batsman refused to cut loose at it. Lindsey would wind up like one of those jerky electric clocks and then shoot out the ball platewards, but seemingly about three feet higher than anybody could reach. Up towards the batters the sphere would amble—over their heads a minute it would hesitate, until they struck at it, or got set for another ball, then it would drive down across the plate into Leahy's mitt. Anon there was a wide out-curve with a quick break on it, and the Scraphs bit with regularity."

BEAVER FALLS LOST AND TIE IS BROKEN

Each Team Had a Series And the Rub Resulted in a Victory for the Locals.

Before a large crowd of enthusiasts the Keystone Bowling club, of Beaver Falls, met defeat at the hands of the East Liverpool team on the Imperial alleys last evening. The first of the series of three games was won by the visitors, but the last two were taken by the locals. It was an exciting contest from the start and the victors had all they wanted to handle.

The individual records are as follows:

Beaver Falls—Wolf, 144, 171, 159; Billet, 143, 126, 180; Harris, 149, 170, 163; Billet, 128, 145, 118; Fry, 160, 163, 164; White, 175, 177, 144.

East Liverpool—Craig, 197, 105, 123; H. Clark, 167, 191, 147; Rigby, 157, 144, 120; E. Clark, 185, 159, 150; Carnahan, 154, 149, 201; Gart, 196, 113, 156.

Wheeling Speed Program.
Secretary George Hook has announced the speed program for the next annual State fair at Wheeling Island. There are seven pacing races and five trotting events, in addition to four running races, one each day.

The prizes aggregate \$6,850, and two \$1,000 purses are included. On Wednesday there will be a \$1,000 purse for \$2:17 trot, and on Thursday the board of trade stakes of \$1,000 for the 2:30 pace.

Lemons Knocked Out.
At the N. A. C. Beaver Falls, Harry Lemons, of Pittsburgh, was knocked out in the sixth round by Joe Youngs, of Buffalo, in the main bout, and Ed Young, of Pittsburgh, lost the 4-round

WEIGH YOURSELF BEFORE USING
Weigh yourself before commencing to use Mi-o-na, the great flesh-forming food. The wonderful sale on this preparation, since first introduced in East Liverpool and the remarkable results following its use, have made Will Reed such an enthusiastic believer in the great value of Mi-o-na, that he gives his personal guarantee to refund the money if Mi-o-na will not make thin people fat, cure indigestion and restore health.

This is a strong guarantee, but Druggist Will Reed has seen so many of his customers who a few weeks ago looked like walking skeletons, become plump and well, solely through the use of Mi-o-na that he feels he cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good, rich blood, tones up the weakened digestive organs, helps the food to digest, and makes permanent cures in the worst cases of indigestion.

preliminary to Charles Connor, of New Brighton, on the decision.

SPORTING MISCELLANY.

The West End Athletics are booked for a game at New Cumberland tomorrow.

A Cleveland paper sent 3,105 protests against the foul strike rule to President Johnson.

"Rube" Waddell and a Philadelphia drayman had a right of way fight. Both were arrested and discharged.

The Mt. Union college base ball team defeated the Allegheny college boys, of Meadville, Pa., by a score of 8 to 7.

The wealthiest pugilist in the world is said to be Charley Mitchell. The Englishman is rated to be worth close to \$200,000, and his wealth is increasing.

On paper Comiskey, of the Chicago American league, has a weak hitting team, and yet they are pounding the ball harder than any team he has had in several years.

Manager Leech Maskrey, of the Warren team, has signed Pitcher William Haslem, of Cleveland, who pitched good ball for the Cleveland State Hospital team last season.

Amos Rusie, the greatest pitcher that ever threw a ball, is managing and playing on the Vincennes (Ind.) team. Rusie is said to be in good form again and his playing this year will be watched with interest.

Washington does not appear to be doing so badly and the Senators are winning their share of the games. Delahanty is the life of the game, and his playing every day is one of the features. Washington has a salary list of \$50,000.

The death of W. Morrell, a prize

fighter, is recorded in England at the great age of 193 years. Once he fought a man named Brown for two hours and 20 minutes, and from the effects of the beating he received was blind for three days afterward. Later on he became a professional cricketer.

Bond No.

Rheumatism

Is Not a Skin Disease.

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating matter and a lasting cure of this most painful disease effected.

S. S. S. is a harmless vegetable remedy, unequalled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.

TRADE IN TRENTON

IS FAR FROM GOOD

Pottery Manufacturers Uneasy and Say They Can't Increase the Wages.

WORK OF THE CONVENTION

Means a Great Deal to the East And Is Being Watched With Unusual Interest—Factory Owners And the Uniform Scale.

From a Staff Correspondent.

Trenton, N. J., May 8.—Manufacturers say the pottery interests of Trenton are now passing through a crisis. Upon the action of the convention of the National Brotherhood of Operative Potters, now in session at Wheeling, W. Va., practically depends the immediate future of the trade in this city. In addition to the decided falling off in business, the manufacturers fear that the Brotherhood may endeavor to enforce a uniform price list, which may revolutionize working conditions and incidentally compel them to grant the operatives an increase in wages out of their limited resources.

The trade, they say, is in no condition to stand an increase in wages. A uniform price list with an advance in wages eliminated, they will accept, feeling that such uniformity will be in line with the principles of the Potters' association, which was formed to maintain a more even competition and prevent the wholesale cutting of prices.

That the condition of the trade needs an overhauling, not one of the manufacturers will deny, as many of them have in their plants at the present time men who are working under different price lists and all making the same kind of ware. This difference in prices dates back to the last general ware strike, when many of the operatives went back to work at reduced wages and have maintained this standard to the present time. Those who were fortunate enough to secure their old places without offering the manufacturers a slice off former wages are about the only ones who are skeptical about a uniform price list, claiming that it will reduce their wages. What the provisions in the new list will contain no one knows, but it is understood that if the uniformity is to be reached by cutting the wages of some of the men, it will be done regardless of their protest.

In a uniform price list, both the Brotherhood and the manufacturers will have to meet with inferior conditions of most of the eastern plants, which was the principal drawback to the enforcement of the old list. In compiling the new list, or rather putting it into force, the Brotherhood will have to allow the men in proportion for such conditions and this is one of its many phases which will cause many clashes between the two parties.

No meeting in the history of the Brotherhood was ever watched with such keen interest as the present gathering at Wheeling. For the past six months the jiggersmen, kilnmen and general ware pressers had been wrestling with the problem of a uniform price list. The cast went into the convention feeling that they must have things their way, as most of the operatives are inclined to view the list as a purely western measure. Whatever the outcome of the contention may be, the chances for a prosperous year here are not very rosy. Salesmen returning from all parts of the country report small business and the

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

plants are now working on orders filed about the first of the year and most of these are for a cheap grade of ware to be used by large mercantile houses in advertising the sale of some product.

The sanitary trade is enjoying a fair amount of prosperity, but is being held back somewhat by the numerous labor strikes in the country, making matters very uncertain.

Former Councilman Andrew Cochran, one of the owners of the Ironsides pottery at Bordentown on Wednesday, filed in the court of chancery an answer to his wife's suit for alimony, making a general denial of his wife's charges and substituting a number of allegations reflecting unfavorably upon her. Mrs. Cochran in her bill charges her husband with entertaining other women at her house while spending the summer at a seaside resort and afterward becoming addicted to the excessive use of liquor and neglecting his home and children. The defendant charges his wife with consorting with William Cobine and frequenting low resorts.

The Mercer County Central Labor Union is rounding up the locals of the National Brotherhood of Operative Potters for the purpose of having them represented in the central body. The locals, aside from taking an interest in their respective trades, have seldom went outside and offered a helping hand to their brother organizations. As a result of this crusade the jiggersmen, saggermakers, turners, throwers and handlers, general ware pressers and printers have selected delegates who will in the future take part in the deliberations of the central body.

"Neglected colds make fat graveyards." Dr. Woods' Norway Pine Syrup helps men and women to a nappy, vigorous old age.

TRAIN CREW CAPTURE ROBBERS

Footpads Place Unconscious Victim on Railroad Track—Assailants Are in Jail.

Washington, Pa., May 8.—Emmet S. Camden, a grocer of West Columbia, was attacked by footpads, knocked unconscious and robbed, and his body placed on the tracks of the Pittsburgh, Virginia and Charleston railroad, before an approaching train.

The train crew saw the man lying on the tracks and the assailants making off down the railroad tracks. They moved Camden's body and, putting the engine at full speed, gave chase to the robbers. The robbers left the tracks and the trainmen gave chase on foot and closed in on them. Two of the gang surrendered, the other escaping in the darkness. Their weapons were taken from them and the money and valuables they had taken from Camden were secured.

The men arrested gave their names as Thomas Donahue, of McKeesport, and Thomas Blackburn, of Dunbar. They were given a hearing before Alderman Castner and committed to jail without bail.

Deputy Sheriff Fitzpatrick went to West Columbia and, securing the two men, brought them to the county jail.

Business of Potters' Convention.
Wheeling, May 8.—Two resolutions were introduced at the convention of the National Brotherhood of Operative Potters, one providing for an advance of 10 per cent on present wages, the other providing for a 12 1/2 per cent advance. Both were laid over until Friday. The resolution favoring a three-year wage agreement with the manufacturers was reported with adverse recommendation and defeated after a warm fight. The convention decided that a three-fourths majority be necessary for the declaring of strikes, instead of the present law requiring nine-tenths vote. The delegates were given a trolley excursion in the evening, followed by an elaborate banquet.

COURT CALENDAR

Assignment of Cases for Next Week in Court at Lisbon.

Lisbon, May 8.—(Special.)—The assignment of cases for next week in court is as follows:

Monday, 1 p. m.—Clarence Kountz vs. J. A. Crowley et al.

Sold in East Liverpool by J. W. Reed. Call or write. Blood Balm sent by express. Sample and Circulars sent Free.

Mill Team Won.

The base ball team from the mill office defeated the team from the master mechanic's office, both of Wells-ville, at Central park yesterday afternoon by the score of 12 to 5 in seven innings. The crowd was small, but the game interesting. Neither team has done any practicing and a number of errors were made. Grafton filled the box and Culbertson was behind the bat for the shop boys, while Knox did the twirling and Dr. McClure caught for the mill men. Charles R. McGregor, Jr., acted as umpire. The shop team took its downfall good naturedly and challenged the mill team to another game soon. This was accepted.

SOCIAL EVENTS

BANQUET TONIGHT

Junior Class Will Entertain Seniors at the K of P. Hall.

A large and elaborate banquet will be given tonight by the members of the Junior class of the high school to the graduating class. A large number of invitations have been issued, and the guests are anticipating with pleasure the hospitality of the juniors, who have spared nothing to make the banquet one of the most elaborate ever given in honor of any senior class.

The entertainment will be given in the Knights of Pythias hall from 8 until 12.

Ladies' Aid Entertained.

Mrs. Henry Horst delightfully entertained the Ladies' Aid society of St. John's Evangelical Lutheran church at 3 o'clock yesterday afternoon. After an important business meeting Mrs. Horst provided pleasing social entertainment.

Silver Wedding.

The many friends of Mr. and Mrs. Josiah T. Smith are looking forward with pleasure to their silver wedding anniversary, which will be appropriately observed tomorrow evening at their home on Calcutta street.

ARRESTED AND JAILED AT PARENTS REQUEST

A Young Man Near Wellsville Charged With a Serious Crime.

George Eastman, who has been living with his parents on the Lisbon road about one mile north of Wellsville, was arrested last evening by Deputy Sheriff Dan Davidson in Brubaker's saloon, Third street, Wellsville, and landed in the jail of that city. He was taken to Lisbon this morning and will answer to the court for the alleged crime of incest.

Eastman was arrested at the instance of his parents, who preferred the charge against him several days ago. It is said that he is a degenerate.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

New Arrivals—Mr. and Mrs. Edward McHenry are the proud parents of a baby girl that arrived at their home last evening. A bouncing baby girl has brightened the home of Mr. and Mrs. Arthur Hill. A son has been born to Mr. and Mrs. Arthur Ward, Pleasant Heights.

His First Visit—Moses Swindells was fined \$2 and costs this morning for being found drunk yesterday afternoon by Officer Auderheide. He told the mayor that it has been customary for him to greet the chief executive of the city twice during an administration and he would call this his first one.

Going to Marietta—McCoy Circle, Ladies of the G. A. R., last evening held a business meeting at the G. A. R. hall. Following the regular business arrangements were completed for attending the encampment at Marietta. Arrangements have been made for those who go from East Liverpool to take the special car which will be attached to the 8:03 o'clock train on Monday morning.

Your Dollars

Our cash system will make you smile when you realize how far your dollars go at our store. The way we're looking after the interests of our customers you never regret how many dollars you spend. TWO CENTS.

A PROPOSED INCREASE WAS NOT SANCTIONED

Resolution Looking to General Advance in Pot-
ters' Wages Defeated in
Convention.

UNIFORM CONDITIONS ARE TO BE SOUGHT

BY O. H. BOOTON,
Staff Correspondent.

Wheeling, May 8.—As predicted in the News Review, the first resolution to come before the N. B. of O. P. convention demanding a general increase to the trade, was defeated. This resolution was from No. 16 of East Liverpool. There are several other measures providing for general increases that will meet the same fate, say prominent delegates.

Much was accomplished this morning toward establishing uniform lists among the sanitary and general ware operatives of the east. It can be safely stated that the conditions in the entire trade east and west, sanitary and general, will be made uniform before the convention adjourns.

A historical gavel was presented to the convention by Delegate John Morgan on behalf of the clay workers of Trenton. The gavel was turned from an oak timber preserved from the first pottery ever built on Jersey soil, and probably the first built in America. The building was entirely of stone, and stood until a few years ago, at the intersection of Princeton, Pennington and Broad streets. The spot is also historical from the fact that it marks the opening of the attack upon the Hessians by Col. Washington in the battle of Trenton.

The gavel is symbolical of the return of the eastern operatives to the organization. Delegate Morgan stated that they are with it in spirit as well as in fact. President Hughes responded in a neat speech of acceptance, stating he was glad to receive a token that the differences with the east were over.

Many minor resolutions were presented and disposed of this morning, and several important measures enacted. The resolution from No. 12 reported back to the local at a former session, was presented in modified form and adopted. The resolution establishes apprenticeships in this branch. The fittermen claim that it will work to the betterment of the trade. Such a law was enforced up until 1900, when it was abolished.

The price list committee recommended a resolution for the adoption of a uniform price for making sanitary sagers. This resolution was presented by No. 63, of Trenton, and was adopted by the convention.

Another resolution from the price list committee recommending the enforcement of the present uniform list for general saggermaking in the east, was adopted. The uniform list governing this trade in the west is now in force.

From the same committee was a recommendation for the establishment of a uniform list for placing sanitary kilns. The measure was presented by No. 35, of Trenton, and adopted.

DAY OF BUSINESS NIGHT OF PLEASURE

POTTERS MADE MUCH PROGRESS
WITH WORK YESTERDAY.

A Pleasant Evening's Entertainment
Succeeded Many Hours of
Hard Work.

BY O. H. BOOTON,
Staff Correspondent.

Wheeling, May 8.—This has been the busiest session of the convention. The committees held caucuses yesterday afternoon and evening so that there would be no delay in the general body. In spite of the hard work they have been doing and their many extra meetings, the convention had to adjourn an hour before time yesterday afternoon because all the resolutions reported had been disposed of.

As the convention proceeds there are fresh evidence of conservatism and intelligence in dealing with the matters before it. Two of the resolutions affecting the wage scale of the entire trade, which were presented Wednesday and deferred until today, will no doubt be defeated if

put to a vote. A number of delegates, prominent in the convention work, have expressed this opinion.

Many of the important resolutions remaining to be reported deal with the evils in the trade rather than increase. It is not at all unlikely that legislation will be enacted to make the shops strictly union. Some shops are now operated under this plan. In the majority of the plants, particularly in East Liverpool, operatives are permitted to work who are not members of the Brotherhood. They reap the benefits without shouldering any of the expense and responsibility. Carelessness in this matter may work harm to the organization and the delegates realize it.

A delegate said today: "This evil can be compared to a rotten speck on an apple. It will not become smaller and may grow." Local No. 4 has a resolution to require all pressers to hold working cards from the local.

There would be considerable opposition to any measure making this compulsory to the entire trade. Many of the delegates are not in favor of forcing men into the organization unwillingly, claiming they would be a detriment rather than a benefit. If the question comes up there will be some lively discussions.

Much is being accomplished toward correcting certain evils and establishing uniform conditions. At the close of yesterday's session two important resolutions relating to the uniform scale for the east, for the fittermen and kilnmen, were yet in the hands of the committee.

The east had its inning yesterday, particularly at the afternoon session. An enormous amount of work was accomplished, but the end is not yet in sight. The delegates are working faithfully, sacrificing many pleasures. There has been no "soldiering" by the convention and very little needless discussion. There was talk last night of night sessions. As it will no doubt be necessary to hold over until next week, the present hours may not be disturbed.

At the session yesterday afternoon, local No. 54, of New Castle, proposed a plan for the investment of the organization's defense fund. The fund has grown to such an extent that its profitable investment is no small matter. There have been few, if any calls upon since the big strike of 1893. Some idea of its extent can be learned from the plan from No. 54. It proposed that the Brotherhood erect and operate a six kiln general ware plant but before the details were reached the plan was rejected.

The committee on law reported favorably on a resolution defining the hours for the sanitary workers. The members of this branch, as in others, choose their own time for commencing and quitting work. The resolution fixes the hours at from 7 a. m. to 6 p. m. It was adopted by the convention.

A resolution from the state of the order committee, providing for the purchase by the Brotherhood of the Potters Herald, was defeated. The plan was to make it the official paper and distribute it to all members in good standing. Another resolution, endorsing the Herald as the official paper, was passed.

No 9 was successful with its resolution to establish minimum and maximum age for apprentices in this branch of the trade. Heretofore there has been no restriction, but under the new law the apprentice must be between the ages of 18 and 35.

Two resolutions, affecting the packers of the east, both sanitary and general, were adopted. This is the first legislation of the session dealing with the packing branch of the trade, but others are to be considered. The first of these two measures provides for the establishment of a uniform piece scale for the sanitary packers. It carries very little, if any, increase over the price now paid for packing. Eastern packers want the enforcement of the uniform piece scale adopted for the general ware branch at the last

convention. This list is now effective in the west, although in some plants boss packers have contracts and hire their help. A blow at this evil that will no doubt eradicate it will be dealt before the session ends.

Chairman Ed. Menze, of the auditing committee, reported yesterday afternoon. As previously stated, all the books were found to have been carefully, accurately and neatly kept. The report was accepted and the committee dismissed.

The price list committee will be in session 9 hours today and one or two of the others will have sessions almost as lengthy. Treasurer John Woods had individual work yesterday that kept him away from the main body. President Hughes is often called before the committees and in his absence First Vice President Hutchins presides. One valuable man for the committees is Reuben Smith, delegate from No. 54, of New Castle. He is known as "the traveling potter," and it is stated that he has worked in every plant in the country. He has gained a minute knowledge of conditions, methods and prices and he is

GOLDEN EAGLES' GRAND PICNIC

Thousands of Them Will Compete
For Prizes at Stanton
Park in June.

LOCAL CASTLES TO ATTEND

Jefferson castle, No. 39, Knights of the Golden Eagle of Steubenville, is making preparation for the thousands of members of that order who expect to attend the sixth annual picnic of the organization at Stan Park June 6. Buckeye castle, of the East End, Hope castle, of this city, and McKinley castle, of Chester, have had committees at work for some time arranging for the transportation and comfort of their members who will attend the picnic. A number of the castles from this section will compete in the several contests for which cash prizes have been offered. The local orders have encountered some difficulty in the matter of securing satisfactory arrangements with the C. & P. railroad. The company could not guarantee a sufficient number of cars to accommodate their crowds, and it has been decided to negotiate with the Panhandle road. If this can be done the trip will be made from the other side of the river.

The general committee of arrangements has made up the following list of prizes: For the best drilled commandery, first prize, \$100; second prize, \$50; to the commandery coming the longest distance and having the largest number in line, \$25; to the castle coming the longest distance, \$25; to the castle having the largest percentage of membership in line, \$25; the Jefferson castle of Steubenville will not compete for any prize. The parade will take place at 11 o'clock in the morning of the 6th. The prize drills will not begin until 2 o'clock in the afternoon, and will be held at the park.

CLAIM \$1,000 IS DUE

For Defective Fire Clay Blocks Or-
dered by a Wellsville
Concern.

Lisbon, May 8.—(Special.)—The case of the Vulcan Clay company, of Wellsville, against John Lyth & Son, of Buffalo, N. Y., came on trial yesterday afternoon. The hearing was postponed to give time to make some changes in the petition and answer. The plaintiffs allege that there is a remainder due on an account amounting with interest to about \$1,000, which has been standing for a number of years. The basis is a claim that defective fire clay blocks were shipped to Buffalo, N. Y. These blocks were manufactured by Lyth & Son and ordered by the Vulcan Clay company.

Appointed Administratrix.

Lisbon, May 8.—(Special.)—The late William Buente, of Liverpool township, having left no will, Anna Buente has been appointed administratrix with \$5,000 bond. Appraisers, Thomas Croighton, William Foutts and Henry Buente.

Malikin Is in Jail.

Lisbon, May 8.—(Special.)—Constable Copestick brought Allen Malikin to the county jail yesterday from Justice Daniel McLane's court in East Liverpool. Malikin is charged with non-

Rev. P. A. Baker Scores the Steuben-
ville Prohibitionists for Their Nig-
gardiness—Some Opposition to
League Methods Is Manifested.

From a Staff Correspondent.

Columbus, May 8.—Just now the Anti-Saloon league is paying considerable attention to eastern Ohio. Not that it is mixing up in any legislative fights, but there is money to be raised for the support of the league and this part of the state can always be depended upon for much financial assistance. Occasionally, however, some city does not give as generously as Rev. P. A. Baker, league state superintendent, thinks it should, which usually moves him to say unkind things about the city and its inhabitants.

Baker and other Anti-Saloon league speakers last year held field day services in Steubenville churches and the amount they raised there for the good of the cause was less than enough to meet the expenses of the speakers. What Baker said about Steubenville and its church people was a plenty. Last Sunday the league again visited Steubenville. The people remembered the hot ones Baker handed out last year and the reception they gave him this time was very similar to the preceding one. Next Sunday Baker and his cohorts will do a turn at Canton and Massillon and the Sunday following Maccusall and Youngstown will be invaded.

They will reach East Liverpool the first Sunday in June and as a result of the recent mayoralty election expect to walk away with a good-sizedwad. There are a goodly number drawing salaries from the league, and they are anxious to hold their jobs. Since Supt. Baker and Joe Miller, agent for the brewers, formed an alleged partnership with regard to the passage of the Beal law many have questioned the sincerity of the Anti-Saloon league and look upon it as a money making scheme.

STEPPED IN FRONT OF A STREET CAR

JAMES DEACON WAS KNOCKED
DOWN AND BADLY HURT.

As a Result of the Accident One Foot
Had to Be Amputated Above
the Ankle.

James Deacon, a well known presser, aged 50, was made the victim of a deplorable accident at 4:30 yesterday afternoon on West Market street when he was struck by the Pleasant Heights car and knocked violently underneath. The front wheels passed over his right foot and in a few hours after his physicians found it necessary to amputate the member.

The accident it seems was due to Deacon's overindulgence in liquor and his impaired hearing. He started across the street opposite McQuillin's livery barn and it is said by onlookers deliberately stepped in front of the car. The motorman, Dudley Byers, eyewitnesses say, rang the bell vigorously and did all within his power to prevent the collision.

After it was seen that Deacon had been injured several ran to his assistance and finding that his foot was badly crushed they carried him to a nearby store and summoned the ambulance wagon. Upon its arrival he was placed on stretchers and removed to the office of Dr. Elliott.

The physician discovered upon examination that the foot was very badly injured and in anticipation of a surgical operation had the man removed to the home of his brother, Richard Deacon, Union street, and summoned Drs. James Taylor and W. N. Bailey to assist him in caring for the patient.

Though the physicians tried to convince themselves that the wound could heal without amputation they found that it was the only remedy, and while Deacon was suffering terrible pain the operation was performed, the foot being removed at a point three inches above the ankle. Antidotes were administered to alleviate the pain and today he is suffering but little.

SLANDER CASE IS NOW ON TRIAL

East Liverpool Young Woman Wants
\$5,000 Damages for Being
Called Ugly Names.

Lisbon, May 8.—(Special.)—The East Liverpool slander case in which Miss Anna Everts is plaintiff, asking \$5,000 damages from Mrs. Freda Wasbutzky, was up in court this morning. The plaintiff alleged that on June 26, 1902, the defendant in the presence of witnesses used this language: "You are nothing but a chippy. You are a dirty, low-lived chippy." In her answer the defendant says she had no knowledge of the plaintiff's reputation at the time of the alleged utterance. She admits having used the expression, "You are a chippy" when angered, but did not do so with any malicious or defamatory intent.

Miss Everts has been employed at the home of Mr. and Mrs. A. W. Clark in East Liverpool since last June, and the trouble grew out of ill-feeling between the Clarks and their next door neighbors, the Wasbutzky family.

HOW THE VOTE STANDS TODAY

Large Batches of Coupons Re-
ceived and More Are on
Their Way.

POTTERS WILL GET PRIZES

A large batch of votes was received at the News Review office yesterday. A greater number will doubtless be brought in tonight and tomorrow, as the end of the week usually sees interest in the contest for the prizes at a very high pitch. There are doubtless many thousands of Series C coupons ready to be voted and there is now but a short time to get them in before they become invalid.

A free trip to Europe and a free trip to Atlantic City or to the resorts on the great lakes are the prizes to be won by the two contestants voted the most popular representatives of organized labor in East Liverpool and vicinity. As is appropriate in a community where the majority of the people depend upon the manufacture of crockery for a livelihood, the prize winners will be potters. The voters have decided this much. Who the lucky ones shall be depends upon the amount of effort put forth by themselves and their friends in the matter of getting votes. It is votes that count and nothing else. Hustle in the votes.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside Park...	18,319
Thomas Iownds, Fourth street...	12,669
J. E. Anderson, Lincoln avenue...	11,019

TOM JOHNSON'S TENT FOR THE CENTENNIAL

Will Be Used at Lisbon And Is Capa-
ble of Seating 7,000
People.

Lisbon, May 8.—(Special.)—W. S. Potts, as chairman of the committee on tents for the centennial celebration, was in Cleveland yesterday and completed arrangements with Hon. Tom I. Johnson for the use of his large tent, 90x120 feet in size, and capable of seating nearly 7,000 people. The tent will be used for speechmaking and for the grand ball given Wednesday evening, June 17.

A wood floor will be placed in the tent and the music will be furnished by the full Grand Army band of Canton. The tent will be erected a week before the event.

risons Forts.

Peking, May 8.—(Special.)—The Russians have reoccupied New Chuang with a large force and put garrisons in the forts at the mouth of the Liao river.

THE DAVID HARUM ACT RECALLED BY THE VICTIM AND JOCKEY PUNISHED

Horse Trade With John Ecker Resulted in a
Countryman Getting His Nose Broken.
Two Rustics' Troubles.

The visit of two rustic gentlemen, J. F. Campbell and M. L. Warrick, both hailing from the vicinity of Frankfort Springs, Pa., to the city yesterday resulted most disastrously, one landing behind the bars twice and the other narrowly missing a similar fate. Campbell was first arrested by Officer McDermott for being drunk, and early in the evening he was locked up again by Chief Wyman on a similar charge. Warrick was also drunk when he applied to see his friend and the chief let them spend the night together.

When arraigned this morning Warrick presented a dejected appearance. His eyes were black and his nose was broken. He had been in the worst fight of his life. A horse trade and booze were the cause of it all. About two years ago he was in the city and meeting Jack Ecker, the saloonist who holds forth opposite city hall, sold him a horse and double set of harness for \$55. Before the sale was made Ecker says Warrick swore that the horse was sound as a dollar and gentle as a lamb. In less than a week after the trade Ecker was standing at the rear of his new purchase when both heels suddenly flew into the air and in a second's time Ecker was crouching in a corner with three ribs broken and suffering from numerous other bruises.

For a number of days Ecker was laid up and his doctor bill was no small amount. He felt that he had been gold bricked, and upon recovery applied at the office of a justice to have Warrick arrested for obtaining money under false pretenses, but later decided to wait until he met Warrick. Warrick's entrance into his saloon yesterday was the first meeting since the memorable trade, and Ecker was not long in reminding the rustic of the affair. Warrick was told that he had played a cheating game and that there would be trouble if he did not put up enough money at least to pay the doctor bill. After considerable wrangling he decided to give the saloonist \$10 and did so.

The \$10 and did so. The best, and both men talked and threatened until a terrific fight ensued in which Warrick got decidedly the worse of it. He was knocked out in the first round and the attention of a physician was necessary to patch his face and relieve his pain. He was fined \$2 and costs for drunkenness and Chief Wyman offered to help him get back the \$10, but for some unknown reason he would not press the claim.

Campbell does not come to town very often and it does not take city drunks long to get into his hair. He had had only a few when he was nabbed by Officer McDermott, but he was about as drunk as a man could be. He pleaded so hard to go home that Mayor Weaver gave him an immediate hearing and after paying a fine of \$5 and promising to leave the town, he was dismissed. The mayor was greatly surprised when the same individual faced him for the second time this morning. He said that it was "honorable" his intention to go home, but when he went for his rig he discovered that his partner had gone to the East End with it and while he was waiting for him to return he meandered again to the saloon of Ecker, where he had got his first dose. A couple more drinks settled him and the proprietor persuaded him to take a bed.

When he awoke he staggered over to the city hall and fell into the hands of the chief. This morning he attempted to make the officers believe that he had been robbed but when Chief Wyman investigated he found that Ecker had held his money for safe keeping. He paid another fine of \$5 and accompanied by his partner left on the 19 miles drive for home and friends. They both said it would be many a day before they would visit East Liverpool again.

ed up to date by Mr. Purinton are as follows:

J. J. Purinton, \$100; C. A. Smith, \$25; A. S. Young, \$25; E. W. Hill, \$25; Builders' exchange, \$50; D. M. Orlivie, \$15; Hard Furniture company, \$15; D. M. Calhoun, \$10; D. J. Wallace, \$10; V. Erlanger, \$10.

The members of the board are: G. V. Travis, Thomas Collins, W. B. Hill, V. Gilbert, J. J. Weisend, George Beach, W. I. Thompson and J. J. Purinton. Any of them will gladly receive any donation and, Miss Baker, at the library, will welcome you.

Salem Gamblers Fined.
Lisbon, May 8.—(Special.)—J. Patterson and Clyde Brian pleaded guilty in court yesterday afternoon to one indictment each for gambling. Each was fined \$25 and costs. Both are from Salem.

Critically Ill.
Lisbon, May 8.—(Special.)—Charles "Red" Menzies of Tidd's cigar store of this city, is critically ill with catarrh of the stomach. He was removed to Riverside hospital yesterday afternoon.

WITH THE WORKMEN IN THE CLAY PLANTS

MAKING GOOD WARE.

The Dresden China company, of Salineville, has drawn its second glost kiln and the product has been pronounced first-class. This was an agreeable surprise to many, as usually a large percentage of the ware is not first-class when the kilns are new. The kiln just drawn is fine. The color is a pure white and unlike a part of the first kiln. Several pieces of ware that had been fired before were placed in this kiln and when taken out were as good a color as that which had been fired but once in the glost kiln. A potter who was near when the ware was drawn

made the remark that if such ware as that could be turned out Salineville would be hard to beat. The clayhands are not working this week, owing to the large stock of green ware in the drying rooms. It is estimated that the company has at least \$10,000 worth of stock in the green rooms.

WORK AT THE CHELSEA.

Work is progressing at the Chelsea at New Cumberland. Twelve pressers and 11 jiggersmen are at work and the product of the factory is now one glost kiln a day. The best when working on scheme ware was one glost

No Dessert More Attractive

Why use gelatine and spend hours soaking, sweetening, flavoring and coloring when

Jell-O

produces better results in two minutes? Everything in the package. Simply add hot water and set to cool. It's perfection. A surprise to the housewife. No trouble, less expense. Try it today. In Four Fruit Flavors: Lemon, Orange, Strawberry, Raspberry. At grocers, 10c.

kiln each week day and one on Sunday. In a very few days it will be turning out a glost kiln on Sunday. It is getting the moulds in shape to turn out a lot of fine toilet ware and this will add considerably to the output. The decorating shop is getting ready to start in full. It has been held back in this department owing to a shortage of covered dishes, being unable to get them through as fast as the flat goods. It is generally conceded that it will be much better for everybody that the big factory dropped the scheme goods and has started to make a general line of ware.

THE SAME OLD JACK.

One of the prominent delegates attending the potters' convention is John Darrah, of East Liverpool, erstwhile known as "Jack" Darrah, and who will be remembered as the captain of the Twin Cities team of the Inter-State ball team of 1895, and for a short time manager of the Wheeling club of the same league in 1896. He is the same old "Jack" and doesn't look a day older than he did when wearing the uniform of the Wheelings seven years ago, says a Wheeling paper.

NO HOUSES TO BE HAD.

Forty people who work in the Chelsea live in Toronto and points on this side of the river. The Chelsea ferry ferries these 40 people to and from work at \$1.50 per month and they pay street car fare in addition. An investigation shows no houses can be obtained in New Cumberland. Notwithstanding rents are going up and will go higher. New Cumberland people will not build houses.

WEST VIRGINIA PROJECTS.

A Wheeling paper reports that the Benedum Bros., of Cameron, W. Va., principal owners of the new pottery there, have about completed arrangements for a pottery in Moundsville. It is also rumored that they are negotiating with two other West Virginia towns for the erection of plants.

Disobeyed a Subpoena.

William Smith was taken to Steubenville jail from Wellsville yesterday for disobeying a subpoena in "Squire Love's" court. He was the principal witness in the case of the state against John Ramsey for dynamiting fish, but after seeing Constable Maple and his subpoena he got drunk and was locked up, being in jail when he ought to have been in Steubenville.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

At Work on Double Track.

Salineville, May 8.—(Special.)—Work on the C. & P. double track was inaugurated when about 15 men, carpenters, started to erect shanties for the accommodation of the laborers and tool houses at Rockville, about one mile above Salineville. A gang of workmen arrived last evening and will see active work on the new roadbed for the double track began today. A couple of steam shovels will be taken to the point and put in operation as soon as possible.

Crook's

Never

Have we experienced such tremendous Carpet selling as we have done this Spring. About the middle of April we found we were going to run short. Then began a hustle for Carpets, and things looked blue for us, as the mills had nothing, all the jobbers had cleaned up and the only thing left for us was to buy next fall's patterns, on which the mills are now working. They're coming in now, every day brings rolls of New Patterns. Of course we had to pay more money for them, as Carpets are going to be higher in the fall.

But We're Going to Sell Them at This Spring's Prices.

We don't have to send for your carpet. We'll cut it while you wait.

EAST END

DOUBLE CELEBRATION

Birthdays of a Well Known Potter And His Wife Pleasantly Observed.

The fifty-ninth birthday anniversary of Henry Lambert Koenig and the fifty-second birthday of Mrs. Koenig were jointly celebrated at the family residence, on Erie street, last night. Members of the East Liverpool Liederkranz society were present, and the harmonious gathering kept the singing and other enjoyments up until long after the midnight hour.

Mr. Koenig is one of the oldest and most popular pottery operatives in the city, having learned his trade in Germany and working continuously at the business for 73 years. The large circle of Mr. Koenig's friends who were present last night were loud in their praise at their excellent reception.

Special Service Sunday.

A special service for the young people will be held in the Erie street M. E. church Sunday evening at 8 o'clock. The pastor, Rev. G. W. Orcutt, will conduct this meeting. Rev. Mr. Orcutt returned yesterday afternoon from Wintersville, O., where he has been attending the bi-centenary of the birth of John Wesley. The meeting was addressed by eloquent ministers of the gospel. Rev. Drs. S. S. Fisher and C. E. Manchester, of Steubenville, and Dr. A. W. Gruber were among those who spoke. The district quartet had charge of the music and the meetings were interesting and excellently attended.

Gas Company Reorganized.

A meeting was held in the office of Attorney J. E. Davis last night and arrangements perfected for the organization of the Rock Run Oil & Gas company. A board of directors were elected, consisting of T. W. McCain, J. S. Fisher, Frank J. Allabaugh, William A. Andrews and William C. Smith. F. W. Allabaugh was chosen as treasurer and Attorney J. E. Davis as secretary. The board of directors will hold a meeting tonight, at which trustees will be appointed.

Telephone Work Finished.

S. M. Rodgers, field man of the Central District & Printing Telegraph company, was in the East End yesterday and this morning and has completed his work of completing the records of the new work that has been done by the company in the East End. The service of the company in setting the new poles has been finished and no more new work will be done at present.

EAST END AFFAIRS.

Mr. and Mrs. Herbert Harrison, with their household goods, left for Cameron, W. Va., last night.

William Williamson, of Marietta, who has been the guest of Miss India Lewis, of St. George street, has left for his home.

Rev. J. P. Leyenberger will speak at the Second Presbyterian church this evening. The subject will be one of much interest.

Supt. John Arnold, of the flint mill, has returned from a business trip to Wolf Run, Pa., where he has been in the interest of the company, purchasing hickory timber.

Mrs. Edward Barrett, formerly residing in Chester, but now of Barberton, is the guest of Mrs. Maggie Mercer, of St. George street. She reports the pottery at Barberton running in excellent shape, with plenty of orders on hand.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by Alvin H. Bulger.

Our genuine imported Scotch Cheviot and Irish Homespun Suits for young men are all the rage in the eastern cities, and we have been the first in the market with them. Come to headquarters for your clothing, at

ONLY GUARANTEED CATARRH CURE.

Hyomei Costs You Nothing if It Fails Says Will Reed.

Among the many medicines upon the market that claim to cure catarrh, none but Hyomei has enough faith in its own merit to be willing to refund the money if it does not cure.

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under a positive guarantee to return the money to all dissatisfied customers. Will Reed sold thousands of Hyomei outfits in the last few years, and have had only two customers ask for a return of the money, which in every instance was promptly and cheerfully returned. They stand ready today to refund the price to anyone who is not helped by Hyomei.

The complete outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a life time and additional bottles of Hyomei can be obtained for 50 cents.

Breathe Hyomei for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured in a short time.

Do not try to cure catarrh with ordinary stomach medicines. Breathe the healing Hyomei which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

It is the only treatment for catarrh where you can get your money back from a local dealer in case it does not help you.

A PROPOSED INCREASE WAS NOT SANCTIONED

Continued from First Page.

often called upon for information and advice.

The lady delegates are to be commended upon their earnest and faithful service. They are well represented on the committees, and will have several measures effecting the women operatives.

Last night the delegates were banqueted by the reception committee from the Wheeling locals. The evening was greatly enjoyed, particularly as it was a relaxation after the hard work of the day. The Wheeling operatives are sparing no pains or expense in providing for the entertainment of the delegates and they are to be congratulated on the success of their functions.

The banquet was in Pythian Castle and the large auditorium was tastefully decorated with American flags, bunting and palms. Four long tables, tastefully embellished with cut flowers, were arranged for the delegates. A small table held the national officers. At the head of this table was Mayor Sweeney and at the foot, Harry Halles, of the reception committee. The others were A. S. Hughes, Frank Hutchins, Major Adams, Thomas J. Duffy, Sheldon Moore, John Woods and O. V. Barton, of Wheeling, state labor commissioner.

The guests reached the hall, after a pleasant trolley trip to Benwood, at 9 o'clock and were soon discussing this excellent menu:

Baked Salmon.
Potato Salad. Cold Mustard Salad.
Roast Beef.
Mashed Potatoes.
Brown Gravy.
Sliced Tomatoes.
Roast Veal.
French Peas, Radishes, Green Onions.
Westphalia Ham.
Cold Tongue.
Butter. Coffee.
Ice Cream and Cake.
Roman Punch.
Ohio River Water.
Wheeling Tebbles.

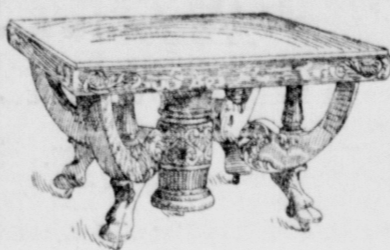

Mr. Halles presided as toastmaster and introduced Mayor Sweeney, who renewed the welcome to the city he had given last Monday. He said he usually hesitated about handing over the keys of the city to visitors, but he had but one cause to regret it in this instance. Business, he stated, had been very dull, since the coming of the potters.

Mr. Barton followed with a few happy remarks. He had just returned from a trip to Raleigh county, in the mountain regions, where he had investigated labor conditions, and was not in condition or prepared for an address.

When Mr. Hughes was announced, there was prolonged applause. He thanked the local potters for their hospitality. The kind treatment he had received on all hands recalled to him the song, "There Is Nothing Too Good for the Irish"—but he didn't sing it. He believed it should be altered to "There Is Nothing Too Good for the Potters."

Mr. Duffy's name was also greeted with great applause and he responded with his usual eloquence and wit. He convulsed the delegates with several apt stories and made them think seriously by his remarks upon labor issues.

Mr. Hutchins was roundly applauded.

Our line of Tables and other

ed, particularly from the representatives of the press, with whom he has become very popular. One of the preceding speakers had mentioned the delegates were bashful. Mr. Hutchins had observed this, but he said it did not exist among the "delegates from No. 411-44." The East Liverpool press representatives are credited to this mythical local.

John Woods had a statement to make. He is going to devote his time to practice so that he can successfully compete with Ed. Hatton at the table and in beating the local fire department to the fires.

The venerable Major Adams made a brief but very interesting talk, but Sheldon Moore, as he stated it, last but not least, refused to be interviewed. Joseph Cotton was the concluding speaker.

There was an informal program of songs and stories, many of the favorites at Wednesday night's smoker being called upon. E. N. Croxall mounted the stage and talked entertainingly. The delegates accused him of practicing for the sessions of the East Liverpool council.

The hour was late when the guests departed vowing that Wheeling could always have the national conventions.

A little life may be sacrificed to a sudden attack of eczema, if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

Are your clothes faded? Use Red Cross Bse Blue and make them white again. Large package, only 5c.

SOCIAL EFFICIENCY.

Education of the Child Discussed by Dr. O'Shea, of University of Wisconsin.

PUBLIC PLAYGROUNDS NEEDED

Our Schools Based on Right Idea—Do Not Develop Social Efficiency—Congress of Mothers Have Luncheon and Are Driven Around City.

Detroit, May 8.—The night session of the conference of the American Congress of Mothers was devoted to a paper on "Education for Social Efficiency," by Dr. M. V. O'Shea, of the University of Wisconsin. Prof. O'Shea said:

"The chief problem of education in all times has been to make a social being. The child begins life with the social instincts and impulses of primitive man. Today we try to organize every educational agency to help him grow out of his primitive instincts as rapidly as possible.

"The first principle of social education is to give the child experience with his fellows. Rules, maxims and precepts count for naught with the child brought up alone. Textbook ethics never made a man ethical. Textbook psychology does not teach human nature. Learning rules about social conduct never gives a child understanding of his fellows.

"The home is improving. Parents arrange to have their children together so that they may learn to live with one another. Our public school is based on the right idea, but it has failed thus far to realize it. Children live in school as individuals—they are isolated—they do not have give-and-take relations which alone develop social efficiency.

"Public Play Grounds in Cities. "The greatest need of the times in the city is public play grounds under direction, where children may learn how to get on with each other. This would be worth more than all the moralizing and catechizing of all the churches and schools.

"The child must learn that social conduct pays. One who shields a child as grandmothers and aunts sometimes do from the natural consequences of unsocial acts is his worst enemy. The child before 5 years of age cannot trace cause and effect in conduct and must obey the authority of those wiser than he. The happy child is one who has absolute confidence in a wise parent or teacher. Modern life takes the father and mother out of the home so much that the child does not learn to have respect for real authority. Strong, competent men and women can train children in social efficiency. Weak characters never can, no matter what methods they employ. The child is naturally a bully and will be helped only by those who are stronger than he.

The paper was discussed briefly by Hon. Levi L. Barbour, of Detroit, former regent of the University of Michigan.

In the afternoon the congress had a luncheon at the Hotel Cadillac, followed by a ride about the city.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills, little or big, there is in this country. Then Tablets surely do make one feel joyful." For sale by Alvin H. Bulger.

GOVERNOR LEAVES FOR OMAHA

Sheriff Has Fifty Deputies to Preserve Order—Wilcox Scoofs at Proposition to Call Out Troops.

Lincoln, Neb., May 8.—Governor Mickey left for Omaha in response to a request from industries from that city affected by the strike. An appeal has been made to the governor for protection in the way of state militia or otherwise, but he is not satisfied that such action is necessary and will look over the ground personally. No application for troops from an official source has been made.

Omaha, May 8.—Sheriff Power issued a proclamation to the people and especially to the strikers. He states that he has been called on by the chief of police of the city to assist in preserving order and that he has sworn in 50 deputies for that purpose. The proclamation asserts that every means will be used to prevent violence and that vehicles of all descriptions and drivers will receive full protection.

Secretary Wilcox, of the teamsters' union, scoffed at the proposition to call out troops. He said the strikers are making no disturbance, and in proof of his assertion cited the fact that the police have not been called upon to make a single arrest, except of several saloonkeepers, who have violated the mayor's proclamation closing their places.

"There is nothing for troops to do," said he. "There are 3,000 men on strike who simply refuse to go to work. There are no men to take their places and soldiers could not force them to go to work."

Treasurer—J. W. HARRIS.
Clerk—J. W. HARRIS.

PRIMARY ELECTION RULES.

An adjourned meeting of the Republican county central committee will be held at 11 o'clock next Tuesday. As the News Review has repeatedly pointed out, one of the most important matters to receive the committee's attention will be that of the regulation of the county primaries. Some action should be taken by the committee at its coming session. If the subject has not already been fully considered by the Republicans generally, the question might be referred to a committee, with instructions to investigate the matter thoroughly and report to the full committee at a later date. We believe that there will be found no general sentiment in favor of abolishing the primaries and substituting the caucus, as has been proposed. The caucus is a breeder of strife and factionalism, troubles from which the Republican party of Columbiana county has been singularly free in the past. No honest Republican wants to see such an element of discord introduced. By all means the party should retain the primaries, taking the precaution to systematize and reform them, as the state laws make ample provision for doing so. The trouble with our primaries, as conducted in the past, is that they have not been held under the law. Apply the provisions of the Ohio statutes and the primaries can and will be as honestly and as fairly conducted as

the general elections, about which no complaint ever arises.

Whether the voters at the primaries shall cast their ballots directly for the candidates, or for delegates who shall represent them in convention, is a question which may safely be left to the decision of the county committee. The delegate plan is found to work well in many localities and has some features to commend it. The point that the News Review has been contending for is that the primaries shall not be abolished and caucuses substituted therefor. The latter course would be a step backward, and the Republicans of Columbiana county prefer to go forward.

J. P. Morgan said to an interviewer shortly before starting for Europe: "The present prosperity of the United States will continue for several years. I see no clouds upon the horizon. Our prosperity is solid, not fictitious. It will stand for a long time." The consensus of expert opinion is the same. Those who make the most of present conditions and put aside their savings for the inevitable rainy day are acting wisely.

The country is prospering under what Mr. Bryan once called the "cross of gold," and the amount of the precious metal in the country keeps on increasing. April added five and a half millions to our stock, which has now reached the tremendous total of \$1,267,000,000. With over a billion and a quarter at our disposal, the gold standard is in no danger.

Representative J. W. Babcock, of Wisconsin, chairman of the Republican national congressional committee, can see nothing in the present signs, except the assured election of the Republican nominee for president next year.

The carpenters' strike in New York has not a step to work on two \$4,000,000 hotels and the visitor to the metropolis will be forced to endure such meagre accommodations as the \$3,000,000 houses can afford.

There is one bill that the Democracy will have to settle for the third time. That is Bill Bryan.

OBITUARY

Elizabeth Clendenning.
Miss Elizabeth Clendenning, aged 35, died last evening at the home of her brother James, 142 Daisy alley, after a brief illness. She is survived by the following brothers: James and Freeman, of this city; William, of Wellsville; Harce, Amos and Elmer, of Toronto, and Rev. Alexander Clendenning, of Stockport; also by a sister, Mrs. Smith, of Parkersburg.

GIRLS' STRIKE TAKEN UP BY ARBITRATION BOARD

Temporary Settlement Effected And the Fillers-in Returned to Work Today.

The question in dispute in the decorating department at the Wallace & Chetwynd pottery among the fillers-in was taken before the arbitration board last night and a temporary settlement effected. The operatives' representation was not full on account of the absence of one member, and but one of the regular members was present. The board recommended that the 11 girls who went out yesterday should return to work. It was stated that they had no right to quit work in the beginning.

The arbiters said the proper course would have been to take the grievance to the local, and if it was of sufficient importance to warrant it, the question would find its way to the board. The girls insisted that the course suggested would consume more than a month and might never be reached. Their dispute was of grave importance to them and they thought demanded immediate attention. It was proposed by the firm to drop the orange color and fix the price at 3 1/2 cents. This would be one-half cent less than the fillers-in had been receiving for the four colors, which they thought was not enough. They all returned to work at noon today, however, but did so under protest.

When the convention has adjourned, and the fall regular representation from the operatives has an opportunity to take up the question, the girls assert they propose to once more bring the matter to the attention of the arbitration board.

Masked Men Stop Colored Carrier.

Washington, May 8.—John C. All good, a colored rural free delivery letter carrier, while making his regular trip near Gallatin, Tenn., was stopped by men armed and masked and he and his colored substitute carrier were warned not to continue in the service under penalty of death. Postmaster General Payne has suspended service on the route pending investigation and if the reports of the affair are confirmed summary action will follow. The incident may become a second Indianapolis case.

Czolgosz's Brother Arrested.

Los Angeles, May 8.—Acting under instructions from the secret service bureau at Washington the police arrested a man who is suspected of being one of the four brothers of Czolgosz, the assassin of the late President McKinley. No charge has been lodged against him, the police simply detaining the man on suspicion until after the president shall have left Los Angeles. It is said that Czolgosz has been living in this city for several months, being employed in a tamale factory.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Hubbard, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

If you want the noblest Hosiery on the market, don't forget we always have it; prices, 25c, 50c and \$1 a pair.

FRIENDS AND VISITORS

Mrs. J. D. Davis, of Bank street, has returned from a visit to Wheeling friends.

John and William Snowden, of Trentvale street, are visiting an uncle in Valparaiso, Ind.

Mrs. Nellie Luthringer left this morning for Cleveland to visit over Sunday with friends.

Joseph Chapman, of Ellwood City, Pa., is in the city visiting his mother, Mrs. E. H. Chapman, of Walnut street.

Mrs. D. E. Mc Nicol left this morning to spend a few days with her daughter, Anna, who is a student at Mt. De Chantel school, near Wheeling.

Mrs. Bentley Pope and daughters, who have been the guests of her daughter, Mrs. Frank Grace, at Steubenville, left yesterday for their new home in Coshocton, where Mr. Pope will manage the new pottery.

AT THE THEATER

Under most disheartening circumstances one of the best plays of the season, "For Her Sake," was presented at the Grand last evening. There were hardly enough present to give the cast inspiration to carry out the four well designed acts, but it mattered not to them. They took their greeting well and performed their parts just as they would had the house been crowded. It was a fine production, but like the majority of good ones that strike the city was passed by. And yet the theater-goers wonder why first-class shows are not booked.

A good spring tonic after the heavy foods of winter, is a natural necessity to the health and vigor. Hagee's Cordial of Cod Liver Oil promptly cleanses the blood, tones the liver and puts the elements of force and vitality into every nerve and muscle. Contains no grease.

WELLSVILLE

BACK FROM HOSPITAL

Oscar Anderson, Injured By a Train,
Now a Cripple For
Life.

Oscar Anderson, the young man who had his left leg so badly crushed on the C. & E. railroad at Smith's Ferry and who was taken to Mercy hospital in Pittsburgh where the leg was amputated just below the knee, was brought home to Wellsville today.

The unfortunate young man lives with his widowed mother on Nevada street and was the main support of the family, which consists of a sister and brother. His railroad career has been a rather unlucky one. He has been injured several other times, but not severely, has been in several wrecks and at last the accident came which will end his railroad life. The company has shown Mr. Anderson every kindness while in the hospital and he also favored the family more or less. He is able to get around now with the aid of crutches.

GOES TO ZANESVILLE

William P. Sharer, Well Known in
Business Circles, Becomes Cashier
of First National Bank There.

William P. Sharer, for the past two years cashier at the First national bank, has been chosen cashier of the First national bank of Zanesville. He has made many friends among the business men and citizens generally during his stay in this city and his departure will be greatly regretted. His friends are glad, however, that he is going to a larger field, with excellent prospects of advancement. Mr. Sharer was selected, without solicitation or influence, out of 15 candidates for the Zanesville position, certainly a high tribute to his standing in the business world.

Mr. Sharer learned the banking business at Alliance and came from that city to Wellsville to accept the position he now resigns. He is familiar with all the details of the banking business and will doubtless make a fine record in his new field of labor.

Council Did Not Meet.

City Solicitor Boyd being out of town the city council thought it best to postpone the meeting of last evening until Mr. Boyd could be present, as legal advice will no doubt be needed in the matter of appropriating money to the board of public service. This will be the principal topic to be settled. At present the condition of the board remains unchanged. Engineer

THRONG OF BUYERS CONTINUE

Special Half Price Brings Many Patrons to B. C. Ansley.

The people of East Liverpool and vicinity appreciate the great advantage B. C. Ansley obtained for them, in getting the Dr. Howard company to allow the regular 50 cents size of Dr. Howard's specific, for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles.

Every bottle of the specific sold by B. C. Ansley has had his personal guarantee to return the money if it was not satisfactory, but none has come back, showing the wonderful curative power of this remedy.

It is only recently, on the persistent advice of B. C. Ansley that Dr. Howard's specific has been sold for less than 50 cents, but urged that it would be better to secure a quick introduction in East Liverpool in this way and the result has proven his good judgment.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at B. C. Ansley's today, for he has only a small amount of the specific on hand.

Mrs. Helen Lawrence, who has been visiting with J. W. Woolley and family, of Hill street, returned to Battle Creek, Mich., last evening.

GROCERS GETTING RID OF BAD CUSTOMERS

The New System of Reporting Dead
Beats Found to Work
Well.

The Retail Grocers' association held a meeting last night and did much important business. The meeting was at George Mayhew's on Fourth street. Reports were heard as to the operation of the new credit system. It was the unanimous opinion that the plan was the very best yet adopted by the organization for the protection of its members. The object is to get rid of the dead beat, and the merchants are doing it.

When a customer becomes indebted to a member of the association and withdraws his patronage, he is at once reported to other merchants. The stores will close all day May 30.

New street hats at Perry's.

BURIED UNDER FALLING ROCKS

Nine Men Killed and Several Injured
In Slide at Tunnel at Eggleston Springs.

Roanoke, Va., May 8.—Nine men were killed and five others injured three of them fatally, by a slide of rock in the east end of tunnel No. 2 at Eggleston Springs, Giles county, on the Norfolk and Western railroad. Railroad contractors were engaged in double-tracking the two tunnels, and when the tunneling force had removed the earth and stone for the railroad tracks a huge slide of solid stone gave way on the mountain side, striking the gang of laborers at work and crushing the life out of nine men.

This strata of solid rock was connected only by clay seams and when the foundation was removed the strata, some 50 feet long, fell without warning, catching the men in a death trap. One man was in a niche of the tunnel wall and escaped with slight injuries. He was removed without great difficulty. A second man was only slightly hurt, but three others were more unfortunate and were injured so badly that it is feared they will die. The bodies of the other nine men, some of whom are white, are still under the mountain side.

A wrecking car and derrick was taken out from Radford, but thus far have been of no avail. There is no likelihood that the bodies can be recovered soon, as the rock will have to be dynamited and removed bit by bit. This is considered dangerous, as the length of the strata cannot be ascertained, and there is imminent danger of a second crash as soon as the base is removed, and a consequent loss of other lives.

It has been impossible thus far to secure the names of the unfortunate victims. They are known only to the contractors and they can judge only by the missing members of the force. One thing that is known is that it was a mixed gang, composed both of white and colored laborers.

TWELVE LIVES LOST IN WRECK

Work Train Derailed by Broken Axle
and Plunged Over Embankment.
Fire Adds to Horror.

Port Arthur, Ont., May 8.—One of the worst accidents in the history of railroading in the west occurred on the main line of the Canadian Pacific railway near Dexter station, 52 miles east of this place. Twelve men imprisoned in the wreckage of a derailed work train were either killed outright or burned to death. Eight others were frightfully burned and a number of them will die. The men were asleep when the train left the track.

The train was running at high speed when it was derailed, presumably by the breaking of an axle. Every car left the track and plunged down an embankment into the ditch. The men who were killed were asleep in what is known as the "boarding" car, which was attached to the rear of the train. There were 36 men in the car. It was crushed like an egg shell, killing some of the men outright and pinning others under the wreckage so that they could not extricate themselves. Fire added its horror to the scene, the splintered wood work of the car being ignited by an overturned stove.

PIPING FOR GAS

Workmen of Ohio Valley Company
Putting in Much Work in
Chester.

A large force of workmen in the employ of the Ohio Valley Gas company is looking after the company's interests in town and also putting in a large number of connections previous to the paving of the streets.

Superintendent G. A. Gogolodt is personally in charge of the work in Chester and has suggested to the town officials that they try to have as many of the property owners on the streets to be paved put in their connections for gas, in order that the new pavement will not be disturbed so much after it is once laid. The majority of the owners of property are following out the plan suggested.

Missionary Society.

The ladies' missionary society of the U. P. church held a business meeting yesterday afternoon at the home of Mrs. A. P. Cunningham, Virginia avenue. Mrs. J. Howard Maxwell was elected president of the organization and many interesting topics were discussed. After the meeting a fine luncheon was served.

Bonds in Demand.

A number of inquiries have been addressed to the bond commissioners from companies desirous of purchasing the town bonds. The date set for the opening of the bids is May 25, and but little exertion will be necessary in selling them.

Many New Members.

Chester Circle, P. H. C., will hold an enthusiastic meeting in Bloom's hall next Monday evening. Organizer D. F. Waite has been adding a large number of candidates to the circle and 15 new members are expected to be present for initiation.

Got a Duster.

E. A. Freshwater & Co., who have been drilling in the Carson field, drilled their No. 7 well in on the Carson farm and found a duster at the depth of 1,228 feet. They will not drill any more at present in that location. Late Carson is making preparations to drill on his farm.

Base Ball Tomorrow.

An interesting game of ball is expected to be played on the Rock Springs diamond tomorrow afternoon.

CHESTER NOTES.

Samuel Allison has accepted a foremanship with the Freshwater company on its street paving contract.

William Martin, of Carolina avenue, who has been employed in Castle Shannon, is expected home on a visit. Philip Freshwater, who has been visiting Rev. W. E. Gillis, left for his home near New Cumberland last night.

The Ladies' Aid society of the Christian church met last evening at the home of Mrs. Fred St. Clair, of Adelphi street.

Contractor J. A. McDonald has secured the contract for the dwelling to be erected on Carolina avenue by Charles Brandon.

Isaac F. Allison, of Grant district, has recovered from his recent illness and was visiting friends in Chester. Mr. Allison left for New Cumberland today.

The hour of service of the Y. P. C. U. of the United Presbyterian church has been changed from 6 to 6:30 o'clock and the evening preaching service from 7 to 7:30.

A Little Early Riser
now and then, at bedtime, will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Alvin H. Bulger.

REALM OF SPORTS JAMESTOWN WON WITHOUT EFFORT

They Found the Y. M. C. A.'s Easy
Marks and Piled Up
the Runs.

TWO INNINGS SUFFICED

To Cinch the Result, So a Practice
Game Was Played—Locals Had No
Show for Victory at Any Stage.
Easy for Jamestown.

Manager Ralph E. Russell will certainly be tickled if his Jamestown aggregation of independent professionals run into many more snaps similar to that which greeted them in the West End park yesterday afternoon. If he only thought they would be would book every game in the future to be played on the plan, the winner take all.

Generally it is a pleasure for a manager to wire home the news of a victory, but last evening Russell thought the task too ridiculous and no message flashed to Jamestown. It would have been necessary for him to make some sort of an explanation and he most certainly did not want his home people to think that his bunch of stars would take advantage of such a cinch. And cinch it was. To those who witnessed the games last year it reminded them very much of the time the Cuban X Giants piled up a few and then, becoming sympathetic, saved the locals mortification by only scoring when they could not very well get out of it.

There are several reasons why Jamestown rubbed it in on the locals yesterday, but the most potent one is that the Y. M. C. A. team was about ten notches out of class. They are there when it comes to playing Leedsdale or some other very much amateur team, but professionals they must cut out. The fans were sorry, yes very, but they were considerate and the majority of them remained until the slaughter was over. They will get their reward for it and it ought to be a big one.

A more trying ordeal some of the locals never passed through. They were on the point of throwing up the sponge several times, but they realized that it would be all up for a crowd today and tomorrow if they left the field. Umpire Rinehart stood gallantly at his post when he really was the most anxious of all to depart. His leaving would have caused an uproar. It has been a long time since a man filled his position so admirably and with him gone the last ray of hope the locals had would have glimmered away. Luckily for the home boys he seemed to see strikes when Barker threw a ball and balls when Whissner threw a strike. That was all that saved the Y. M. C. A.'s. He says it was the first time in years and that it was the last for some moons.

A better diamond or a more favorable afternoon could not have been wished. It was all that could be desired and the crowd was large, too. What a pity that with everything so favorable something better than a practice game was not played! The visitors were more disappointed than they can describe. It was their wish that they at least get warm practice and they were fooled. Rochester was but little better, and they were counting strongly on a work out.

Some of the fans were wondering last evening what the score could have been had the visitors tried themselves in the last six innings. Some figured it at 37 and others not so many, but all were confident that it could have been doubled. It's a good thing for them that they did lie down. They have been in the business long enough to guard that, though. They remember well of looking a series of

A LINGERING COUGH

The cough that holds on in spite of all remedies needs energetic and above all thorough treatment. A mere cough mixture won't do. Root out the cold that causes the cough.

How? Scott's Emulsion. Why Scott's Emulsion? Because it stops the irritation, soothes the tissues and heals the affected membranes.

When? Right away. Scott's Emulsion begins to help with the first dose.

We'll send you a sample free upon request.

games, winning one by a tremendous majority and then walking to the next town. You can't fool Jamestown. It has been there before.

Commencing in the very first inning the visitors started the scores. By their request, they were given the field and the fans were for a while in a quandary over the fact. They knew that no team was so favored last year and could not think what on earth had possessed Captain Billy McNutt. After the game had been in progress a few minutes their reason for the request was easily to be understood. They do not like to play ball longer in one game than necessary and something had told them if they would get the field they would only have to bat eight times.

At the end of the second inning the Jamestowns had rolled up enough to insure an easy victory, for they knew that there was going to be no reproduction of a Chicago inning, one like the latter team shoved onto Pittsburgh Wednesday, and they just quit. Six runs were sufficient, and when they scored the seventh it was no fault of Kreuger. He wanted to get out and couldn't.

The fifth inning settled the hash of the locals. Tommie Davis, the hero of the Leedsdale-Y. M. C. A. game, started it well enough, but his backing was poor, and it ended exactly where it commenced. After Davis got first on a pretty little single, Harker stepped forth and did his usual stunt, by striking viciously three times in space. Emmerling made a nice hit and was followed by the same offense on the part of Baker. The latter was caught napping after Gibson was out at center, and it was all over. The score:

HARRY LINDSEY IS DOING WELL

He is Pitching a Wonderful Game in the Southern California League and Has Bright Prospects.

The following from a Los Angeles paper shows Harry Lindsey, the youth that led the locals to victory at Rochester last fall, to be playing his usual good game.

"The Seraphs made a noble effort to win yesterday, but the handicap of two

Another new lot of

GO-CARTS

We sell the Sleeper Kind like your neighbor has.

YOUR CREDIT IS GOOD.

ASK LEWIS BROS. ABOUT IT.

runs on inexcusable errors, and young Lindsey's pitching, proved an insurmountable obstacle, though the white-winged band that holds up Morley for salary as ball players, got the rabbit who was pitching for Uncle Harris to going a penty in the sixth and seventh. Young Mr. Lindsey surely can pitch, even if he is about the smallest package that has been handed out in base ball delivery this season. A bunch of curves that would make the Venus de Milo look like a cracked ship in a dew deck; change of pace like an old man trying to ride a new bicycle; shoots that shoot, and a motion that beats the famous Tracy jail delivery half a mile, are his goods. If there are any more like young Mr. Lindsey, Los Angeles can use one or two.

"Early in the first inning the rabbit broke out a drop ball that looked like a man falling out of a balloon, and the Seraphic batsman refused to cut loose at it. Lindsey would wind up like one of those jerky electric clocks and then shoot out the ball platewards, but seemingly about three feet higher than anybody could reach. Up towards the batters the sphere would amble—over their heads a minute it would nesitate, until they struck at it, or got set for another ball, then it would drive down across the plate into Leahy's mitt. Anon there was a wide out-curve with a quick break on it, and the Seraphs bit with regularity."

BEAVER FALLS LOST AND TIE IS BROKEN

Each Team Had a Series And the Resulted in a Victory for the Locals.

Before a large crowd of enthusiasts the Keystone Bowling club, of Beaver Falls, met defeat at the hands of the East Liverpool team on the Imperial alleys last evening. The first of the series of three games was won by the visitors, but the last two were taken by the locals. It was an exciting contest from the start and the visitors had all they wanted to handle.

The individual records are as follows:

Beaver Falls—Wolf, 144, 171, 159; Billet, 143, 136, 180; Harris, 149, 170, 163; Billet, 128, 145, 118; Fry, 160, 163, 164; White, 175, 177, 144.
East Liverpool—Craig, 197, 105, 123; H. Clark, 167, 191, 147; Rigby, 157, 144, 120; E. Clark, 185, 159, 150; Carnahan, 154, 149, 201; Gart, 196, 113, 156.

Wheeling Speed Program.

Secretary George Hook has announced the speed program for the next annual State fair at Wheeling Island. There are seven pacing races and five trotting events, in addition to four running races, one each day. The prizes aggregate \$6,850, and two \$1,000 purses are included. On Wednesday there will be a \$1,000 purse for \$2:17 trot, and on Thursday the board of trade stakes of \$1,000 for the 2:30 pace.

Lemons Knocked Out.

At the N. A. C. Beaver Falls, Harry Lemons, of Pittsburgh, was knocked out in the sixth round by Joe Youngs, of Buffalo, in the main bout, and Ed. Young, of Pittsburgh, lost the 6-round

WEIGH YOURSELF BEFORE USING

Weigh yourself before commencing to use Mi-o-na, the great flesh-forming food. The wonderful sale on this preparation, since first introduced in East Liverpool and the remarkable results following its use, have made Will Reed such an enthusiastic believer in the great value of Mi-o-na, that he gives his personal guarantee to refund the money if Mi-o-na will not make thin people fat, cure indigestion and restore health.

This is a strong guarantee, but Druggist Will Reed has seen so many of his customers who a few weeks ago looked like walking skeletons, become plump and well, solely through the use of Mi-o-na that he feels he cannot say too much to induce people to try it. This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good, rich blood, tones up the weakened digestive organs, helps the food to digest, and makes permanent cures in the worst cases of indigestion.

preliminary to Charles Connor, of New Brighton, on the decision.

SPORTING MISCELLANY.

The West End Athletics are booked for a game at New Cumberland tomorrow.

A Cleveland paper sent 3,105 protests against the foul strike rule to President Johnson.

"Rube" Waddell and a Philadelphia drayman had a right of way fight. Both were arrested and discharged.

The Mt. Union college base ball team defeated the Allegheny college boys, of Meadville, Pa., by a score of 8 to 7.

The wealthiest pugilist in the world is said to be Charley Mitchell. The Englishman is rated to be worth close to \$200,000, and his wealth is increasing.

On paper Comiskey, of the Chicago American league, has a weak hitting team, and yet they are pounding the ball harder than any team he has had in several years.

Manager Leech Maskrey, of the Warren team, has signed Pitcher William Haslem, of Cleveland, who pitched good ball for the Cleveland State Hospital team last season.

Amos Rusie, the greatest pitcher that ever threw a ball, is managing and playing on the Vincennes (Ind.) team. Rusie is said to be in good form again and his playing this year will be watched with interest.

Washington does not appear to be doing so badly and the Senators are winning their share of the games. Delahanty is the life of the game, and his playing every day is one of the features. Washington has a salary list of \$50,000.

The death of W. Morrell, a prize

fighter, is recorded in England at the great age of 103 years. Once he fought a man named Brown for two hours and 20 minutes, and from the effects of the beating he received was blind for three days afterward. Later on he became a professional cricketer.

Bond No. 3, dated February 1, 1903, due February 1, 1906.....Amount 191.00
Bond No. 4, dated February 1, 1903, due February 1, 1907.....Amount 197.00
Bond No. 5, dated February 1, 1903, due February 1, 1908.....Amount 203.00

Said bonds will bear interest at the rate of six per cent per annum, payable annually, both principal and interest being payable at the office of the treasurer of the said city.

Bidders will be required to state in writing and in figures the gross amount they will pay for the bonds bid for in addition to the accrued interest at the date of delivery, and no bid will be accepted for less than par and accrued interest at date of delivery.

Each proposal must be accompanied by a certified check on some National bank for 5 per cent of the amount of the bid, check to be made payable to the order of the clerk of said city, as a guarantee that if the bid is accepted the bonds will be promptly paid for when delivered, otherwise said deposit to be forfeited to said city.

The city council reserves the right to reject any and all bids.
Proposals should be addressed to
WILLIS DAVIDSON, City Clerk,
April 30, 1903.

A Little Common Sense

Rheumatism, Eczema, Hives, Tetter, Eorofula, Erysipelas, etc., are caused by impure blood. Purify the blood, and you have removed the cause, and cured the disease.

To purify the blood you must have perfect digestion on the one hand, that the blood may be supplied with healthy nutrition, and perfect excretion on the other that all the impurities may be thrown off.

Life Plant insures perfect digestion and perfect excretions, because it contains ingredients that perform those functions, acting together in perfect harmony. Life Plant is guaranteed to cure Rheumatism, Eczema, Catarrh, Hives, Tetter, Scrofula, Stomach and Liver troubles—and all forms of blood diseases.

Catarrh.

Mr. F. Hurst,

Is Not a Skin Disease.

S. S. S. is a harmless vegetable remedy, unequalled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

"I long ago learned the first great rule of health—keep the bowels regular—so I am never without Ayer's Pills." J. C. AYER CO., Lowell, Mass.

"I remember well when I first used Ayer's Sarsaparilla, nearly 60 years ago. I was thin, pale, weak, tired all the time, no appetite, could not play as the other boys did. "Since then I have taken it many times, especially when overworked, tired out, or nervously depressed. Now, all my children and their children use it. As a medicine for the whole family it has no equal. "I long ago learned the first great rule of health—keep the bowels regular—so I am never without Ayer's Pills." J. C. Lowell, Mass.

A PROPOSITION SALE

Saturday Morning We Inaugurate a New Kind of a Sale.

Not a bargain sale—not a fake sale of everything in the store for less than cost—not one of those sales at which, for no reason at all, you are offered so-called wonderful bargains.

This Sale Has a Reason, a Sensible Reason, Judge for Yourself.

Our Mr. Samler has just returned from New York where he informs us he succeeded in buying, for spot cash, the greatest bargains ever procured by him while in business. These goods are now arriving. As usual we follow our custom of sharing the savings with you—therefore we submit the following PROPOSITIONS.

SOCIAL EVENTS

BANQUET TONIGHT

Junior Class Will Entertain Seniors at the K. of P. Hall.

A large and elaborate banquet will be given tonight by the members of the junior class of the high school to the graduating class. A large number of invitations have been issued, and the guests are anticipating with pleasure the hospitality of the juniors, who have spared nothing to make the banquet one of the most elaborate ever given in honor of any senior class.

The entertainment will be given in the Knights of Pythias hall from 8 until 12.

Ladies' Aid Entertained.

Mrs. Henry Horst delightfully entertained the Ladies' Aid society of St. John's Evangelical Lutheran church at 3 o'clock yesterday afternoon. After an important business meeting Mrs. Horst provided pleasing social entertainment.

Silver Wedding.

The many friends of Mr. and Mrs. Josiah T. Smith are looking forward with pleasure to their silver wedding anniversary, which will be appropriately observed tomorrow evening at their home on Calcutta street.

ARRESTED AND JAILED AT PARENTS REQUEST

A Young Man Near Wellsville Charged With a Serious Crime.

George Eastman, who has been living with his parents on the Lisbon road about one mile north of Wellsville, was arrested last evening by Deputy Sheriff Dan Davidson in Brubaker's saloon, Third street, Wellsville, and landed in the jail of that city. He was taken to Lisbon this morning and will answer to the court for the alleged crime of incest.

Eastman was arrested at the instance of his parents, who preferred the charge against him several days ago. It is said that he is a degenerate.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

New Arrivals—Mr. and Mrs. Edward McHenry are the proud parents of a baby girl that arrived at their home last evening. A bouncing baby girl has brightened the home of Mr. and Mrs. Arthur Hill. A son has been born to Mr. and Mrs. Arthur Ward, Pleasant Heights.

His First Visit—Moses Swindells was fined \$2 and costs this morning for being found drunk yesterday afternoon by Officer Aufderheide. He told the mayor that it has been customary for him to greet the chief executive of the city twice during an administration and he would call this his first one.

Going to Marietta—McCoy Circle, Ladies of the G. A. R., last evening held a business meeting at the G. A. R. hall. Following the regular business arrangements were completed for attending the encampment at Marietta. Arrangements have been made for those who go from East Liverpool to take the special car which will be attached to the 8:03 o'clock train on Monday morning.

Your Dollars

Our cash system will make you smile when you realize how far your dollars go at our store. The way we're looking after the interests of our customers you never regret how many dollars you spend. When you don't find the best at our store let us know about it and we will see what is wrong and that it is made right.

"No Clothing Fits Like Ours"

A PROPOSED INCREASE WAS NOT SANCTIONED

Resolution Looking to General Advance in Pot-
ters' Wages Defeated in
Convention.

UNIFORM CONDITIONS ARE TO BE SOUGHT

BY O. H. BOOTON.
Staff Correspondent.

Wheeling, May 8.—As predicted in the News Review, the first resolution to come before the N. B. of O. P. convention demanding a general increase to the trade, was defeated. This resolution was from No. 16 of East Liverpool. There are several other measures providing for general increases that will meet the same fate, say prominent delegates.

Much was accomplished this morning toward establishing uniform lists among the sanitary and general ware operatives of the east. It can be safely stated that the conditions in the entire trade east and west, sanitary and general, will be made uniform before the convention adjourns.

A historical gavel was presented to the convention by Delegate John Morgan on behalf of the clay workers of Trenton. The gavel was turned from an oak timber preserved from the first pottery ever built on Jersey soil, and probably the first built in America. The building was entirely of stone, and stood until a few years ago, at the intersection of Princeton, Pennington and Broad streets. The spot is also historic from the fact that it marks the opening of the attack upon the Hessians by Col. Washington in the battle of Trenton.

The gavel is symbolic of the return of the eastern operatives to the organization. Delegate Morgan stated that they are with it in spirit as well as in fact. President Hughes responded in a neat speech of acceptance, stating he was glad to receive a token that the differences with the east were over.

Many minor resolutions were presented and disposed of this morning, and several important measures enacted. The resolution from No. 12 reported back to the local at a former session, was presented in modified form and adopted. The resolution establishes apprenticeships in this branch. The jigmen claim that it will work to the betterment of the trade. Such a law was enforced up until 1900, when it was abolished.

The price list committee recommended a resolution for the adoption of a uniform price for making sanitary sagers. This resolution was presented by No. 63, of Trenton, and was adopted by the convention.

Another resolution from the price list committee recommending the enforcement of the present uniform list for general sagermaking in the east, was adopted. The uniform list governing this trade in the west is now in force.

From the same committee was a recommendation for the establishment of a uniform list for placing sanitary kilns. The measure was presented by No. 25, of Trenton, and adopted.

DAY OF BUSINESS NIGHT OF PLEASURE

POTTERS MADE MUCH PROGRESS
WITH WORK YESTERDAY.

A Pleasant Evening's Entertainment
Succeeded Many Hours of
Hard Work.

BY O. H. BOOTON.
Staff Correspondent.

Wheeling, May 8.—This has been the busiest session of the convention. The committees held caucuses yesterday afternoon and evening so that there would be no delay in the general body. In spite of the hard work they have been doing and their many extra meetings, the convention had to adjourn an hour before time yesterday afternoon because all the resolutions reported had been disposed of.

As the convention proceeds there are fresh evidence of conservatism and intelligence in dealing with the matters before it. Two of the resolutions affecting the wage scale of the entire trade, which were presented Wednesday and deferred until today, will no doubt be defeated if

put to a vote. A number of delegates, prominent in the convention work, have expressed this opinion.

Many of the important resolutions remaining to be reported deal with the evils in the trade rather than increase. It is not at all unlikely that legislation will be enacted to make the shops strictly union. Some shops are now operated under this plan. In the majority of the plants, particularly in East Liverpool, operatives are permitted to work who are not members of the Brotherhood. They reap the benefits without shouldering any of the expense and responsibility. Carelessness in this matter may work harm to the organization and the delegates realize it.

A delegate said today: "This evil can be compared to a rotten speck on an apple. It will not become smaller and may grow." Local No. 4 has a resolution to require all pressers to hold working cards from the local.

There would be considerable opposition to any measure making this compulsory to the entire trade. Many of the delegates are not in favor of forcing men into the organization unwillingly, claiming they would be a detriment rather than a benefit. If the question comes up there will be some lively discussions.

Much is being accomplished toward correcting certain evils and establishing uniform conditions. At the close of yesterday's session two important resolutions relating to the uniform scale for the east, for the jigmen and kilnmen, were yet in the hands of committees.

The east had its inning yesterday, particularly at the afternoon session. An enormous amount of work was accomplished, but the end is not yet in sight. The delegates are working faithfully, sacrificing many pleasures. There has been no "soldiering" by the convention and very little needless discussion. There was talk last night of night sessions. As it will no doubt be necessary to hold over until next week, the present hours may not be disturbed.

At the session yesterday afternoon, local No. 54, of New Castle, proposed a plan for the investment of the organization's defense fund. The fund has grown to such an extent that its profitable investment is no small matter. There have been few, if any calls upon since the big strike of 1893. Some idea of its extent can be learned from the plan from No. 54. It proposed that the Brotherhood erect and operate a six kiln general ware plant but before the details were reached the plan was rejected.

The committee on law reported favorably on a resolution defining the hours for the sanitary workers. The members of this branch, as in others, choose their own time for commencing and quitting work. The resolution fixes the hours at from 7 a. m. to 6 p. m. It was adopted by the convention.

A resolution from the state of the order committee, providing for the purchase by the Brotherhood of the Potters Herald, was defeated. The plan was to make it the official paper and distribute it to all members in good standing. Another resolution, endorsing the Herald as the official paper, was passed.

No. 9 was successful with its resolution to establish minimum and maximum age for apprentices in this branch of the trade. Heretofore there has been no restriction, but under the new law the apprentice must be between the ages of 18 and 35.

Two resolutions, affecting the packers of the east, both sanitary and general, were adopted. This is the first legislation of the session dealing with the packing branch of the trade, but others are to be considered. The first of these two measures provides for the establishment of a uniform piece scale for the sanitary packers. It carries very little, if any, increase over the price now paid for packing. Eastern packers want the enforcement of the uniform piece scale adopted for the general ware branch at the last

convention. This list is now effective in the west, although in some plants boss packers have contracts and hire their help. A blow at this evil that will no doubt eradicate it will be dealt before the session ends.

Chairman Ed. Menze of the auditing committee, reported yesterday afternoon. As previously stated, all the books were found to have been carefully, accurately and neatly kept. The report was accepted and the committee dismissed.

The price list committee will be in session 9 hours today and one or two of the others will have sessions almost as lengthy. Treasurer John Woods had individual work yesterday that kept him away from the main body. President Hughes is often called before the committees and in his absence First Vice President Hutchins presides. One valuable man for the committees is Reuben Smith, delegate from No. 54, of New Castle. He is known as "the traveling potter," and it is stated that he has worked in every plant in the country. He has gained a minute knowledge of conditions, methods and prices and he is

GOLDEN EAGLES' GRAND PICNIC

Thousands of Them Will Compete
For Prizes at Stanton
Park in June.

LOCAL CASTLES TO ATTEND

Jefferson castle, No. 39, Knights of the Golden Eagle of Steubenville, is making preparation for the thousands of members of that order who expect to attend the sixth annual picnic of the organization at Stan Park June 6.

Buckeye castle, of the East End; Hope castle, of this city, and McKinley castle, of Chester, have had committees at work for some time arranging for the transportation and comfort of their members who will attend the picnic. A number of the castles from this section will compete in the several contests for which cash prizes have been offered. The local orders have encountered some difficulty in the matter of securing satisfactory arrangements with the C. & P. railroad. The company could not guarantee a sufficient number of cars to accommodate their crowds, and it has been decided to negotiate with the Panhandle road. If this can be done the trip will be made from the other side of the river.

The general committee of arrangements has made up the following list of prizes: For the best drilled commandery, first prize, \$100; second prize, \$50; to the commandery coming the longest distance and having the largest number in line, \$25; to the castle coming the longest distance, \$25; to the castle having the largest percentage of membership in line, \$25; the Jefferson castle of Steubenville will not compete for any prize. The parade will take place at 11 o'clock in the morning of the 6th. The prize drills will not begin until 2 o'clock in the afternoon, and will be held at the park.

CLAIM \$1,000 IS DUE

For Defective Fire Clay Blocks Ordered by a Wellsville Concern.

Lisbon, May 8.—(Special.)—The case of the Vulcan Clay company, of Wellsville, against John Lyth & Son, of Buffalo, N. Y., came on trial yesterday afternoon. The hearing was postponed to give time to make some changes in the petition and answer. The plaintiffs allege that there is a remainder due on an account amounting with interest to about \$1,000, which has been standing for a number of years. The basis is a claim that defective fire clay blocks were shipped to Buffalo, N. Y. These blocks were manufactured by Lyth & Son and ordered by the Vulcan Clay company.

Appointed Administratrix.

Lisbon, May 8.—(Special.)—The late William Buente, of Liverpool township, having left no will, Anna Buente has been appointed administratrix with \$5,000 bond. Appraisers, Thomas Creighton, William Foutts and Henry Buente.

Malkin Is in Jail.

Lisbon, May 8.—(Special.)—Constable Copstick brought Allen Malkin to the county jail yesterday from Justice Daniel McLane's court in East Liverpool. Malkin is charged with non-support.

ANTI-SALOON MEN HEADED THIS WAY

Agents Visiting Eastern Ohio Cities to Secure Needed Financial Aid.

THIS CITY ON THE CIRCUIT

Rev. P. A. Baker Scores the Steubenville Prohibitionists for Their Niggardliness—Some Opposition to League Methods Is Manifested.

From a Staff Correspondent.

Columbus, May 8.—Just now the Anti-Saloon league is paying considerable attention to eastern Ohio. Not that it is mixing up in any legislative fights, but there is money to be raised for the support of the league and this part of the state can always be depended upon for much financial assistance. Occasionally, however, some city does not give as generously as Rev. P. A. Baker, league state superintendent, thinks it should, which usually moves him to say unkind things about the city and its inhabitants.

Baker and other Anti-Saloon league speakers last year held field day services in Steubenville churches and the amount they raised there for the good of the cause was less than enough to meet the expenses of the speakers. What Baker said about Steubenville and its church people was a plenty. Last Sunday the league again visited Steubenville. The people remembered the hot ones Baker handed out last year and the reception they gave him this time was very similar to the preceding one. Next Sunday Baker and his cohorts will do a turn at Canton and Massillon and the Sunday following wicked Youngstown will be invaded.

They will reach East Liverpool the first Sunday in June and as a result of the recent mayoralty election expect to walk away with a good-sizedwad. There are a goodly number drawing salaries from the league and they are anxious to hold their jobs. Since Supt. Baker and Joe Miller, agent for the brewers, formed an alleged partnership with regard to the passage of the Beal law many have questioned the sincerity of the Anti-Saloon league and look upon it as a money making scheme.

STEPPED IN FRONT OF A STREET CAR

JAMES DEACON WAS KNOCKED
DOWN AND BADLY HURT.

As a Result of the Accident One Foot
Had to Be Amputated Above
the Ankle.

James Deacon, a well known presser, aged 50, was made the victim of a deplorable accident at 4:30 yesterday afternoon on West Market street when he was struck by the Pleasant Heights car and knocked violently underneath. The front wheels passed over his right foot and in a few hours after his physicians found it necessary to amputate the member.

The accident it seems was due to Deacon's overindulgence in liquor and his impaired hearing. He started across the street opposite McQuilkin's livery barn and it is said by onlookers deliberately stepped in front of the car. The motorman, Dudley Byers, eyewitnesses say, rang the bell vigorously and did all within his power to prevent the collision.

After it was seen that Deacon had been injured several ran to his assistance and finding that his foot was badly crushed they carried him to a nearby store and summoned the ambulance wagon. Upon its arrival he was placed on stretchers and removed to the office of Dr. Elliott.

The physician discovered upon examination that the foot was very badly injured and in anticipation of a surgical operation had the man removed to the home of his brother, Richard Deacon, Union street, and summoned Drs. James Taylor and W. N. Bailey to assist him in caring for the patient.

Though the physicians tried to convince themselves that the wound could heal without amputation they found that it was the only remedy, and while Deacon was suffering terrible pain the operation was performed, the foot being removed at a point three inches above the ankle. Antidotes were administered to alleviate the pain and today he is suffering but little.

SLANDER CASE IS NOW ON TRIAL

East Liverpool Young Woman Wants
\$5,000 Damages for Being
Called Ugly Names.

Lisbon, May 8.—(Special.)—The East Liverpool slander case in which Miss Anna Everts is plaintiff, asking \$5,000 damages from Mrs. Freda Wasbutzky, was up in court this morning. The plaintiff alleged that on June 26, 1902, the defendant in the presence of witnesses used this language: "You are nothing but a chippy. You are a dirty, low-lived chippy." In her answer the defendant says she had no knowledge of the plaintiff's reputation at the time of the alleged utterance. She admits having used the expression, "You are a chippy" when angered, but did not do so with any malicious or defamatory intent.

Miss Everts has been employed at the home of Mr. and Mrs. A. W. Clark in East Liverpool since last June, and the trouble grew out of ill-feeling between the Clarks and their next door neighbors, the Wasbutzky family.

HOW THE VOTE STANDS TODAY

Large Batches of Coupons Re-
ceived and More Are on
Their Way.

POTTERS WILL GET PRIZES

A large batch of votes was received at the News Review office yesterday. A greater number will doubtless be brought in tonight and tomorrow, as the end of the week usually sees interest in the contest for the prizes at a very high pitch. There are doubtless many thousands of Series C coupons ready to be voted and there is now but a short time to get them in before they become invalid.

A free trip to Europe and a free trip to Atlantic City or to the resorts on the great lakes are the prizes to be won by the two contestants voted the most popular representatives of organized labor in East Liverpool and vicinity. As is appropriate in a community where the majority of the people depend upon the manufacture of crockery for a livelihood, the prize winners will be potters. The voters have decided this much. Who the lucky ones shall be depends upon the amount of effort put forth by themselves and their friends in the matter of setting votes. It is voted that count and nothing else. Hustle in the votes.

The following candidates have received 100 votes or more:
Thomas Neal, Riverside Park, 18,319
Thomas Towns, Fourth street, 12,660
J. E. Anderson, Lincoln avenue, 11,010
Matthew Curran, Jetbro street, 6,550
Walter S. Crewson, Sebring, 4,552
George Millard, city, 2,236
Wash Williams, city, 1,779
J. A. Morrow, city, 872
William Mayer, Bank street, 555
Major Adams, city, 293
John Cowey, city, 248
John O'Shea, Fourth street, 205
George Smith, Fourth street, 204
Michael Callahan, Sunnyside, 150
Andrew Brannan, Wellsville, 100

TOM JOHNSON'S TENT FOR THE CENTENNIAL

Will Be Used at Lisbon And Is Capable
of Seating 7,000
People.

Lisbon, May 8.—(Special.)—W. S. Potts, as chairman of the committee on tents for the centennial celebration, was in Cleveland yesterday and completed arrangements with Hon. Tom L. Johnson for the use of his large tent, 90x120 feet in size, and capable of seating nearly 7,000 people. The tent will be used for speechmaking and for the grand ball given Wednesday evening, June 17.

A wood floor will be placed in the tent and the music will be furnished by the full Grand Army band of Canton. The tent will be erected a week before the event.

THE RUSSIAN BEAR MEANS BUSINESS

Czar Reoccupies New Chuang With a
Large Force and Gar-
risons Forts.

Peking, May 8.—(Special.)—The Russians have reoccupied New Chuang with a large force and put garrisons in the forts at the mouth of the Liao river.

THE DAVID HARUM ACT RECALLED BY THE VICTIM AND JOCKEY PUNISHED

Horse Trade With John Ecker Resulted in a
Countryman Getting His Nose Broken.
Two Rustics' Troubles.

The visit of two rustic gentlemen, J. F. Campbell and M. L. Warrick, both hailing from the vicinity of Frankfort Springs, Pa., to the city yesterday resulted most disastrously, one landing behind the bars twice and the other narrowly missing a similar fate. Campbell was first arrested by Officer McDermott for being drunk, and early in the evening he was locked up again by Chief Wyman on a similar charge. Warrick was also drunk when he applied to see his friend and the chief let them spend the night together.

When arrested this morning Warrick presented a doleful appearance. His eyes were black and his nose was broken. He had been in the worst fight of his life. A horse trade and booze were the cause of it all. About two years ago he was in the city and meeting Jack Ecker, the saloonist who holds forth opposite city hall, sold him a horse and double set of harness for \$55. Before the sale was made Ecker says Warrick swore that the horse was sound as a dollar and gentle as a lamb. In less than a week after the trade Ecker was standing at the rear of his new purchase when both heels suddenly flew into the air and in a second's time Ecker was crouching in a corner with three ribs broken and suffering from numerous other bruises.

For a number of days Ecker was laid up and his doctor bill was no small amount. He felt that he had been gold bricked, and upon recovery applied at the office of a justice to have Warrick arrested for obtaining money under false pretenses, but later decided to wait until he met Warrick. Warrick's entrance into his saloon yesterday was the first meeting since the memorable trade, and Ecker was not long in reminding the rustic of the affair. Warrick was told that he had played a cheating game and that there would be trouble if he did not put up enough money at least to pay

ANNIVERSARY OF LIBRARY OPENING

A CELEBRATION OF THE EVENT
TO BE HELD NEXT WEEK.

J. J. Purinton Reports Considerable
Money Raised Toward the
\$1,000 Desired.

In commemoration of the first anniversary of the dedication of the Carnegie public library, just one year ago today, the directors had intended to celebrate this evening in a manner interesting to the general public, but for various reasons it was impossible, and it has been decided to make the celebration on some evening of next week, when a public reception will be held in the beautiful halls and parlor of the library.

Miss Gertrude Baker, who has so ably held the position of librarian during the year, will have charge of the ceremonies and has appointed committees to assist. One of the features of the evening will be a concert, and though it has not yet been decided it is probable that members of the board will deliver addresses.

While the crowds are thronging through the library they will be kindly reminded of the fact that subscriptions of money and books are being eagerly sought and any wishing to help the great institute along will be accorded the privilege. It will be remembered that Prof. W. I. Thompson, a member of the library board, upon discovering the financial condition of the library, volunteered to donate \$1,000, providing a similar amount could be raised by subscription from other generous citizens. The remaining members of the board were very thankful to Mr. Thompson for his offer and at once set about to raise the desired amount. They held a meeting and each member of the board agreed to take a paper and visit his friends for the purpose of securing subscriptions. So far but one report has been tendered. It was given by J. J. Purinton, who was very successful in his efforts.

The names and the amounts received

the doctor bill. After considerable wrangling he decided to give the saloonist \$10 and did so.

The feeling, however, was not of the best, and both men talked and threatened until a terrific fight ensued in which Warrick got decidedly the worse of it. He was knocked out in the first round and the attention of a physician was necessary to patch his face and relieve his pain. He was fined \$2 and costs for drunkenness, and Chief Wyman offered to help him get back the \$10, but for some unknown reason he would not press the claim.

Campbell does not come to town very often and it does not take city drinks long to get into his hair. He had had only a few when he was nabbed by Officer McDermott, but he was about as drunk as a man could be. He pleaded so hard to go home that Mayor Weaver gave him an immediate hearing and after paying a fine of \$5 and promising to leave the town, he was dismissed. The mayor was greatly surprised when the same individual faced him for the second time this morning. He said that it was "honor bright" his intention to go home, but when he went for his rig he discovered that his partner had gone to the East End with it and while he was waiting for him to return he mooned again for the saloon of Ecker, where he had got his first dose. A couple more drinks settled him and the proprietor persuaded him to take a bed.

When he awoke he staggered over to the city hall and fell into the hands of the chief. This morning he attempted to make the officers believe that he had been robbed but when Chief Wyman investigated he found that Ecker had held his money for safe keeping. He paid another fine of \$5 and accompanied by his partner left on the 19 miles drive for home and friends. They both said it would be many a day before they would visit East Liverpool again.

ed up to date by Mr. Purinton are as follows:
J. J. Purinton, \$100; C. A. Smith, \$25; A. S. Young, \$25; E. W. Hill, \$25; Builders' exchange, \$50; D. M. Orlivie, \$15; Hard Furniture company, \$15; D. M. Calhoun, \$10; D. J. Wallace, \$10; V. Erlanger, \$10.

The members of the board are: G. M. Travis, Thomas Collins, W. B. Hill, V. Gilbert, J. J. Weisend, George Beach, W. I. Thompson and J. J. Purinton. Any of them will gladly receive any donation and, Miss Baker, at the library, will welcome you.

Salem Gamblers Fined.
Lisbon, May 8.—(Special.)—J. Patterson and Clyde Brian pleaded guilty in court yesterday afternoon to one indictment each for gambling. Each was fined \$25 and costs. Both are from Salem.

Critically Ill.
Lisbon, May 8.—(Special.)—Charles Tidd, proprietor of Tidd's cigar store of this city, is critically ill with catarrh of the stomach. He was removed to Riverside hospital yesterday afternoon.

WITH THE WORKMEN IN THE CLAY PLANTS

MAKING GOOD WARE.

The Dresden China company, of Salineville, has drawn its second glost kiln and the product has been pronounced first-class. This was an agreeable surprise to many, as usually a large percentage of the ware is not first-class when the kilns are new. The kiln just drawn is fine. The color is a pure white and unlike a part of the first kiln. Several pieces of ware that had been fired before were placed in this kiln and when taken out were as good a color as that which had been fired but once in the glost kiln. A potter who was near when the ware was drawn

made the remark that if such ware as that could be turned out Salineville would be hard to beat. The clayhands are not working this week, owing to the large stock of green ware in the drying rooms. It is estimated that the company has at least \$10,000 worth of stock in the green rooms.

WORK AT THE CHELSEA.

Work is progressing at the Chelsea at New Cumberland. Twelve potters and 11 jiggersmen are at work and the product of the factory is now one glost kiln a day. The best when working on scheme ware was one glost

No Dessert More Attractive

Why use gelatine and spend hours soaking, sweetening, flavoring and coloring when

Jell-O

produces better results in two minutes. Everything in the package. Simply add hot water and set to cool. It's perfection. A surprise to the housewife. No trouble, less expense. Try it today. In Four Fruit Flavors: Lemon, Orange, Strawberry, Raspberry. At grocers, 10c.

kiln each week day and one on Sunday. In a very few days it will be turning out a glost kiln on Sunday. It is getting the moulds in shape to turn out a lot of fine toilet ware and this will add considerably to the output. The decorating shop is getting ready to start in full. It has been held back in this department owing to a shortage of covered dishes, being unable to get them through as fast as the flat goods. It is generally conceded that it will be much better for everybody that the big factory dropped the scheme goods and has started to make a general line of ware.

THE SAME OLD JACK.

One of the prominent delegates attending the potters' convention is John Darrah, of East Liverpool, erstwhile known as "Jack" Darrah, and who will be remembered as the captain of the Twin Cities team of the Inter-State ball team of 1895, and for a short time manager of the Wheeling club of the same league in 1896. He is the same old "Jack" and doesn't look a day older than he did when wearing the uniform of the Wheelings seven years ago, says a Wheeling paper.

NO HOUSES TO BE HAD.

Forty people who work in the Chelsea live in Toronto and points on this side of the river. The Chelsea ferry ferries these 40 people to and from work at \$1.50 per month and they pay street car fare in addition. An investigation shows no houses can be obtained in New Cumberland. Notwithstanding rents are going up and will go higher. New Cumberland people will not build houses.

WEST VIRGINIA PROJECTS.

A Wheeling paper reports that the Benedum Bros., of Cameron, W. Va., principal owners of the new pottery there, have about completed arrangements for a pottery in Moundsville. It is also rumored that they are negotiating with two other West Virginia towns for the erection of plants.

Disobeyed a Subpoena.

William Smith was taken to Steubenville jail from Wellsburg yesterday for disobeying a subpoena in "Squire Love's" court. He was the principal witness in the case of the state against John Ramsey for dynamiting fish, but after seeing Constable Maple and his subpoena he got drunk and was locked up, being in jail when he ought to have been in Steubenville.

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Alvin H. Bulger.

At Work on Double Track.

Salineville, May 8.—(Special.)—Work on the C. & P. double track was inaugurated when about 15 men, carpenters, started to erect shanties for the accommodation of the laborers and tool houses at Rockville, about one mile above Salineville. A gang of workmen arrived last evening and will see active work on the new roadbed for the double track began today. A couple of steam shovels will be taken to the point and put in operation as soon as possible.

Terrible plagues, those itching, pestering diseases of the skin. Put an end to misery. Dean's Ointment cures. At any drug store.

We received last week the hand-some white silk Mesh Shirts on the market. Call and see them. Price, \$4 each.

Crook's

Never

Have we experienced such tremendous Carpet selling as we have done this Spring. About the middle of April we found we were going to run short. Then began a hustle for Carpets, and things looked blue for us, as the mills had nothing, all the jobbers had cleaned up and the only thing left for us was to buy next fall's patterns, on which the mills are now working. They're coming in now, every day brings rolls of New Patterns. Of course we had to pay more money for them, as Carpets are going to be higher in the fall.

But We're Going to Sell Them at This Spring's Prices.

We don't have to send for your carpet. We'll cut it while you wait.

EAST END

DOUBLE CELEBRATION

Birthdays of a Well Known Potter And His Wife Pleasantly Observed.

The fifty-ninth birthday anniversary of Henry Lambert Koenig and the fifty-second birthday of Mrs. Koenig were jointly celebrated at the family residence, on Erie street, last night. Members of the East Liverpool Liederkranz society were present, and the harmonious gathering kept the singing and other enjoyments up until long after the midnight hour.

Mr. Koenig is one of the oldest and most popular pottery operatives in the city, having learned his trade in Germany and working continuously at the business for 35 years. The large circle of Mr. Koenig's friends who were present last night were loud in their praise at their excellent reception.

Special Service Sunday.

A special service for the young people will be held in the Erie street M. E. church Sunday evening at 8 o'clock. The pastor, Rev. G. W. Orcutt, will conduct this meeting. Rev. Mr. Orcutt returned yesterday afternoon from Winterville, O., where he has been attending the bi-centenary of the birth of John Wesley. The meeting was addressed by eloquent ministers of the gospel. Rev. Drs. S. S. Fisher and C. E. Manchester, of Steubenville, and Dr. A. W. Gruber were among those who spoke. The district quartet had charge of the music and the meetings were interesting and excellently attended.

Gas Company Reorganized.

A meeting was held in the office of Attorney J. E. Davis last night and arrangements perfected for the organization of the Rock Run Oil & Gas company. A board of directors were elected, consisting of T. W. McCain, J. S. Fisher, Frank J. Allabaugh, William A. Andrews and William C. Smith. F. W. Allabaugh was chosen as treasurer and Attorney J. E. Davis as secretary. The board of directors will hold a meeting tonight, at which trustees will be appointed.

Telephone Work Finished.

S. M. Rodgers, field man of the Central District & Printing Telegraph company, was in the East End yesterday and this morning and has completed his work of completing the records of the new work that has been done by the company in the East End. The service of the company in setting the new poles has been finished and no more new work will be done at present.

EAST END AFFAIRS.

Mr. and Mrs. Herbert Harrison, with their household goods, left for Cameron, W. Va., last night.

William Williamson, of Marietta, who has been the guest of Miss India Lewis, of St. George street, has left for his home.

Rev. J. P. Leyenberger will speak at the Second Presbyterian church this evening. The subject will be one of much interest.

Supt. John Arnold, of the flint mill, has returned from a business trip at Wolf Run, Pa., where he has been in the interest of the company, purchasing hickory timber.

Mrs. Edward Barrett, formerly residing in Chester, but now of Barborton, is the guest of Mrs. Maggie Mercer, of St. George street. She reports the pottery at Barborton running in excellent shape, with plenty of orders on hand.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that catarrh of the stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How can I cure my indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure catarrh of the stomach. Kodol digests what you eat—makes the stomach sweet. Sold by Alvin H. Bulger.

Our genuine imported Scotch Cheviot and Irish Homespun Suits for young men are all the rage in the eastern cities, and we have been the first in the market with them. Come to headquarters for your clothing, at

ONLY GUARANTEED

CATARRH CURE.

Hyomei Costs You Nothing if It Fails Says Will Reed.

Among the many medicines upon the market that claim to cure catarrh, none but Hyomei has enough faith in its own merit to be willing to refund the money if it does not cure.

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under a positive guarantee to return the money to all dissatisfied customers. Will Reed sold thousands of Hyomei outfits in the last few years, and have had only two customers ask for a return of the money, which in every instance was promptly and cheerfully returned. They stand ready today to refund the price to anyone who is not helped by Hyomei.

The complete outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a life time and additional bottles of Hyomei can be obtained for 50 cents.

Breathe Hyomei for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured in a short time.

Do not try to cure catarrh with ordinary stomach medicines. Breathe the healing Hyomei which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

It is the only treatment for catarrh where you can get your money back from a local dealer in case it does not help you.

A PROPOSED INCREASE WAS NOT SANCTIONED

Continued from First Page.

often called upon for information and advice.

The lady delegates are to be commended upon their earnest and faithful service. They are well represented on the committees, and will have several measures effecting the women operatives.

Last night the delegates were banqueted by the reception committee from the Wheeling locals. The evening was greatly enjoyed, particularly as it was a relaxation after the hard work of the day. The Wheeling operatives are sparing no pains or expense in providing for the entertainment of the delegates and they are to be congratulated on the success of their functions.

The banquet was in Pythian Castle and the large auditorium was tastefully decorated with American flags, bunting and palms. Four long tables, tastefully embellished with cut flowers, were arranged for the delegates. A small table held the national officers. At the head of this table was Mayor Sweeney and at the foot, Harry Hailes, of the reception committee. The others were A. S. Hughes, Frank Hutchins, Major Adams, Thomas J. Duffy, Sheldon Moore, John Woods and O. V. Barton, of Wheeling, state labor commissioner.

The guests reacted the hall, after a pleasant trolley trip to Benwood, at 9 o'clock and were soon discussing this excellent menu:

Baked Salmon, Cold Mustard Salad, Potato Salad, Roast Beef, Mashed Potatoes, Brown Gravy, Sliced Tomatoes, Roast Veal, French Peas, Radishes, Green Onions, Westphalia Ham, Cold Tongue, Butter, Coffee, Bread, Ice Cream and Cake, Roman Punch, Ohio River Water, Wheeling Fables.

Mr. Hailes presided as toastmaster and introduced Mayor Sweeney, who renewed the welcome to the city he had given last Monday. He said he usually hesitated about handing over the keys of the city to visitors, but he had but one cause to regret it in this instance. Business, he stated, had been very dull, since the coming of the potters.

Mr. Barton followed with a few happy remarks. He had just returned from a trip to Raleigh county, in the mountain regions, where he had investigated labor conditions, and was not in condition or prepared for an address.

When Mr. Hughes was announced, there was prolonged applause. He thanked the local potters for their hospitality. The kind treatment he had received on all hands recalled to him the song, "There Is Nothing Too Good for the Irish"—but he didn't sing it. He believed it should be altered to "There Is Nothing Too Good for the Potters."

Mr. Duffy's name was also greeted with great applause and he responded with his usual eloquence and wit. He convulsed the delegates with several apt stories and made them think seriously by his remarks upon labor is sues.

Mr. Hutchins was roundly applauded, particularly from the representatives

New Smith Block, E. Market St.

ed, particularly from the representatives of the press, with whom he has become very popular. One of the preceding speakers had mentioned the delegates were bashful. Mr. Hutchins had observed this, but he said it did not exist among the "delegates from No. 41144." The East Liverpool press representatives are credited to this mythical local.

John Woods had a statement to make. He is going to devote his time to practice so that he can successfully compete with Ed. Hutton at the table and in beating the local fire department to the fires.

The venerable Major Adams made a brief but very interesting talk, but Sheldon Moore, as he stated it, last but not least, refused to be interviewed. Joseph Cotton was the concluding speaker.

There was an informal program of songs and stories, many of the favorites at Wednesday night's smoker being called upon. E. N. Croxall mounted the stage and talked entertainingly. The delegates accused him of practicing for the sessions of the East Liverpool council.

The hour was late when the guests departed vowing that Wheeling could always have the national conventions.

A little life may be sacrificed to a sudden attack of eczema, if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

Are your clothes faded? Use Red Cross Bag Blue and make them white again. Large package, only 5c.

SOCIAL EFFICIENCY.

Education of the Child Discussed by Dr. O'Shea, of University of Wisconsin.

PUBLIC PLAYGROUNDS NEEDED

Our Schools Based on Right Idea—Do Not Develop Social Efficiency—Congress of Mothers Have Luncheon and Are Driven Around City

Detroit, May 8.—The night session of the conference of the American Congress of Mothers was devoted to a paper on "Education for Social Efficiency," by Dr. M. V. O'Shea, of the University of Wisconsin. Prof. O'Shea said:

"The chief problem of education in all times has been to make a social being. The child begins life with the social instincts and impulses of primitive man. Today we try to organize every educational agency to help him grow out of his primitive instincts as rapidly as possible.

"The first principle of social education is to give the child experience with his fellows. Rules, maxims and precepts count for naught with the child brought up alone. Textbook ethics never made a man ethical. Textbook psychology does not teach human nature. Learning rules about social conduct never gives a child understanding of his fellows.

"The home is improving. Parents arrange to have their children to live with one another. Our public school is based on the right idea, but it has failed thus far to realize it. Children live in school as individuals—they are isolated—they do not have give-and-take relations which alone develop social efficiency.

"Public Play Grounds in Cities. "The greatest need of the times in the city is public play grounds under direction, where children may learn how to get on with each other. This would be worth more than all the moralizing and catechizing of all the churches and schools.

"The child must learn that social conduct pays. One who shields a child as grandmother and aunt sometimes do from the natural consequences of unsocial acts is his worst enemy. The child before 5 years of age cannot trace cause and effect in conduct and must obey the authority of those wiser than he. The happy child is one who has absolute confidence in a wise parent or teacher. Modern life takes the father and mother out of the home so much that the child does not learn to have respect for real authority. Strong, competent men and women can train children in social efficiency. Weak characters never can, no matter what methods they employ. The child is naturally a bully and will be helped only by those who are stronger than he."

The paper was discussed briefly by Hon. Levi L. Barbour, of Detroit, former regent of the University of Michigan.

In the afternoon the congress had a luncheon at the Hotel Cadillac, followed by a ride about the city.

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills, little or big, there is in this country. Then Tablets surely do make one feel joyful." For sale by Alvin H. Bulger.

WELLSVILLE

BACK FROM HOSPITAL

Oscar Anderson, Injured By a Train,
Now a Cripple For
Life.

Oscar Anderson, the young man who had his left leg so badly crushed on the C. & P. railroad at Smith's Ferry and who was taken to Mercy hospital in Pittsburgh where the leg was amputated just below the knee, was brought home to Wellsville today.

The unfortunate young man lives with his widowed mother on Nevada street and was the main support of the family, which consists of a sister and brother. His railroad career has been a rather unlucky one. He has been injured several other times, but not severely, has been in several wrecks and at last the accident came which will end his railroad life. The company has shown Mr. Anderson every kindness while in the hospital and he also favored the family more or less. He is able to get around now with the aid of crutches.

of First National Bank There.

William P. Sharer, for the past two years cashier at the First national bank, has been chosen cashier of the First national bank of Zanesville. He has made many friends among the business men and citizens generally during his stay in this city and his departure will be greatly regretted. His friends are glad, however, that he is going to a larger field, with excellent prospects of advancement. Mr. Sharer was selected, without solicitation or influence, out of 15 candidates for the Zanesville position, certainly a high tribute to his standing in the business world.

Mr. Sharer learned the banking business at Alliance and came from that city to Wellsville to accept the position he now resigns. He is familiar with all the details of the banking business and will doubtless make a fine record in his new field of labor.

Council Did Not Meet.

City Solicitor Boyd being out of town the city council thought it best to postpone the meeting of last evening until Mr. Boyd could be present, as legal advice will no doubt be needed in the matter of appropriating money to the board of public service. This will be the principal topic to be settled. At present the condition of the board remains unchanged. Engineer

THROUGH OF BUYERS CONTINUE

Special Half Price Brings Many Patrons to B. C. Ansley.

The people of East Liverpool and vicinity appreciate the great advantage B. C. Ansley obtained for them, in getting the Dr. Howard company to allow the regular 50 cents size of Dr. Howard's specific, for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles.

Every bottle of the specific sold by B. C. Ansley has had his personal guarantee to return the money if it was not satisfactory, but none has come back, showing the wonderful curative power of this remedy.

It is only recently, on the persistent advice of B. C. Ansley that Dr. Howard's specific has been sold for less than 50 cents, but urged that it would be better to secure a quick introduction in East Liverpool in this way and the result has proven his good judgment.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at B. C. Ansley's today, for he has only a small amount of the specific on hand.

Born, to Mr. and Mrs. Edward McIntosh, of the West End, a daughter, Mrs. Householder, of Hammondsville, called on Wellsville friends yesterday.

Mr. and Mrs. James Lawrence, of Hammondsville, was in this city yesterday.

John Kerr, of the country, is improving from a three weeks' siege of the grip.

Miss Lorena Sweeley, of Sewickley, has returned home after visiting friends in this city.

Miss Susie Neeley has returned to her home in Pittsburgh after a few days' visit in this city.

Mrs. Charles Stevenson went to Cambridge Springs, Pa., yesterday to spend a week with relatives.

Mrs. Heron, nee Annie Jones, formerly of this city, now of Chicago, is visiting relatives in this city.

Mrs. C. P. Leonard returned to her home in Lisbon this morning after spending a few days in this city.

Mrs. Helen Lawrence, who has been visiting with J. W. Woolley and family, of Hill street, returned to Battle Creek, Mich., last evening.

GROCERS GETTING RID OF BAD CUSTOMERS

The New System of Reporting Dead
Beats Found to Work
Well.

The Retail Grocers' association held a meeting last night and did much important business. The meeting was at George Mayhew's on Fourth street. Reports were heard as to the operation of the new credit system. It was the unanimous opinion that the plan was the very best yet adopted by the organization for the protection of its members. The object is to get rid of the dead beat, and the merchants are doing it.

When a customer becomes indebted to a member of the association and withdraws his patronage, he is at once reported to other merchants. The stores will close all day May 30.

New street hats at Perry's.

BURIED UNDER FALLING ROCKS
Nine Men Killed and Several Injured
In Slide at Tunnel at Eggleston Springs.

Reno, Va., May 8.—Nine men were killed and five others injured, three of them fatally, by a slide of rock in the east end of tunnel No. 2 at Eggleston Springs, Giles county, on the Norfolk and Western railroad. Railroad contractors were engaged in double-tracking the two tunnels, and when the tunneling force had removed the earth and stone for the railroad tracks a huge slide of solid stone gave way on the mountain side, striking the gang of laborers at work and crushing the life out of nine men.

This strata of solid rock was connected only by clay seams and when the foundation was removed the strata, some 50 feet long, fell without warning, catching the men in a death trap. One man was in a niche of the tunnel wall and escaped with slight injuries. He was removed without great difficulty. A second man was only slightly hurt, but three others were more unfortunate and were injured so badly that it is feared they will die. The bodies of the other nine men, some of whom are white, are still under the mountain side.

A wrecking car and derrick was taken out from Radford, but thus far have been of no avail. There is no likelihood that the bodies can be recovered soon, as the rock will have to be dynamited and removed bit by bit. This is considered dangerous, as the length of the strata cannot be ascertained, and there is imminent danger of a second crash as soon as the base is removed, and a consequent loss of other lives.

It has been impossible thus far to secure the names of the unfortunate victims. They are known only to the contractors and they can judge only by the missing members of the force. One thing that is known is that it was a mixed gang, composed both of white and colored laborers.

TWELVE LIVES LOST IN WRECK
Work Train Derailed by Broken Axle
and Plunged Over Embankment.
Fire Adds to Horror.

Port Arthur, Ont., May 8.—One of the worst accidents in the history of railroading in the west occurred on the main line of the Canadian Pacific railway near Dexter station, 52 miles east of this place. Twelve men imprisoned in the wreckage of a derailed work train were either killed outright or burned to death. Eight others were frightfully burned and a number of them will die. The men were asleep when the train left the track.

The train was running at high speed when it was derailed, presumably by the breaking of an axle. Every car left the track and plunged down an embankment into the ditch. The men who were killed were in what is known as the "boarding" car, which was attached to the rear of the train. There were 30 men in the car. It was crushed like an egg shell, killing some of the men outright and pinning others under the wreckage so that they could not extricate themselves. Fire added its horror to the scene, the splintered wood work of the car being ignited by an overturned stove.

PIPING FOR GAS

Workmen of Ohio Valley Company
Putting in Much Work in
Chester.

A large force of workmen in the employ of the Ohio Valley Gas company is looking after the company's interests in town and also putting in a large number of connections previous to the paving of the streets.

Superintendent G. A. Grogg is personally in charge of the work in Chester and has suggested to the town officials that they try to have as many of the property owners on the streets to be paved put in their connections for gas, in order that the new pavement will not be disturbed so much after it is once laid. The majority of the owners of property are following out the plan suggested.

Missionary Society.

The ladies' missionary society of the U. P. church held a business meeting yesterday afternoon at the home of Mrs. A. P. Cunningham, Virginia avenue. Mrs. J. Howard Maxwell was elected president of the organization and many interesting topics were discussed. After the meeting a fine luncheon was served.

Bonds in Demand.

A number of inquiries have been addressed to the bond commissioners from companies desirous of purchasing the town bonds. The date set for the opening of the bids is May 25, and but little exertion will be necessary in selling them.

Many New Members.

Chester Circle, P. H. C., will hold an enthusiastic meeting in Bloom's hall next Monday evening. Organizer D. F. White has been adding a large number of candidates to the circle and 15 new members are expected to be present for initiation.

Got a Duster.

E. A. Freshwater & Co., who have been drilling in the Carson field, drilled their No. 7 well in on the Carson farm and found a duster at the depth of 1,228 feet. They will not drill any more at present in that location. Late Carson is making preparations to drill on his farm.

Base Ball Tomorrow.

An interesting game of ball is expected to be played on the Rock Springs diamond tomorrow afternoon.

REALM OF SPORTS

JAMESTOWN WON WITHOUT EFFORT

They Found the Y. M. C. A.'s Easy
Marks and Piled Up
the Runs.

TWO INNINGS SUFFICED

To Cinch the Result, So a Practice
Game Was Played—Locals Had No
Show for Victory at Any Stage.
Easy for Jamestown.

Manager Ralph E. Russell will certainly be tickled if his Jamestown aggregation of independent professionals run into many more snaps similar to that which greeted them in the West End park yesterday afternoon. If he only thought they would be to be played on the plan, the winner take all.

Generally it is a pleasure for a manager to wire home the news of a victory, but last evening Russell thought the task too ridiculous and no message flashed to Jamestown. It would have been necessary for him to make some sort of an explanation and he most certainly did not want his home people to think that his bunch of stars would take advantage of such a cinch. And cinch it was. To those who witnessed the games last year it reminded them very much of the time the Cuban X Giants piled up a few and then, becoming sympathetic, saved the locals mortification by only scoring when they could not very well get out of it.

There are several reasons why Jamestown rubbed it in on the locals yesterday, but the most potent one is that the Y. M. C. A. team was about ten notches out of class. They are there when it comes to playing Leedsdale or some other very much amateur team, but professionals they must cut out. The fans were sorry, yes very, but they were considerate and the majority of them remained until the slaughter was over. They will get their reward for it and it ought to be a big one.

A more trying ordeal some of the locals never passed through. They were on the point of throwing up the sponge several times, but they realized that it would be all up for a crowd today and tomorrow if they left the field. Empire Rinehart stood gallantly at his post when he really was the most anxious of all to depart. His leaving would have caused an uproar. It has been a long time since a man filled his position so admirably and with him gone the last ray of hope the locals had would have glimmered away. Luckily for the home boys he seemed to see strikes when Barker threw a ball and balls when Whissner threw a strike. That was all that saved the Y. M. C. A.'s. He says it was the first time in years and that it was the last for some moons.

A better diamond or a more favorable afternoon could not have been wished. It was all that could be desired and the crowd was large, too. What a pity that with everything so favorable something better than a practice game was not played! The visitors were more disappointed than they can describe. It was their wish that they at least get warm practice and they were fooled. Rochester was but little better, and they were counting strongly on a work out.

Some of the fans were wondering last evening what the score could have been had the visitors tried themselves in the last six innings. Some figured it at 37 and others not so many, but all were confident that it could have been doubled. It's a good thing for them that they did lie down. They have been in the business long enough to guard that, though. They remember well of booking a series of

Three men accused of robbing farmers about Steubenville have been convicted and sentenced. Ernest Melching was fined \$100 and costs and sent to jail for 20 days. James Nolan got two years and Albert Gaiga 2 1/2 years to the penitentiary.

A young man arrested by Chief of Police Howell at Alliance on suspicion was found to have a number of burglar tools in his possession and was bound over to court under \$5,000 bond. He was a stranger and called himself John Smith.

Death of Bank President.
New York, May 8.—George G. Williams, president of the Chemical National bank, died at his home in Fifty-eighth street. He had been confined to his bed for two weeks with a weak heart, the result of an attack of the grip last February.

How? Scott's Emulsion.
Why Scott's Emulsion?
Because it stops the irritation, soothes the tissues and heals the affected membranes.

When? Right away.
Scott's Emulsion begins to help with the first dose.

games, winning one by a tremendous majority and then walking to the next town. You can't fool Jamestown. It has been there before.

Commencing in the very first inning the visitors started the scores. By their request, they were given the field and the fans were for a while in a quandary over the fact. They knew that no team was so favored last year and could not think what on earth had possessed Captain Billy McNitt. After the game had been in progress a few minutes their reason for the request was easily to be understood. They do not like to play ball longer in one game than necessary and something had told them if they would get the field they would only have to bat eight times.

At the end of the second inning the Jamestowns had rolled up enough to insure an easy victory, for they knew that there was going to be no reproduction of a Chicago inning, one like the latter team showed out Pittsburgh Wednesday, and they just quit. Six runs were sufficient, and when they scored the seventh it was no fault of Kreuger. He wanted to get out and couldn't.

The fifth inning settled the hash of the locals. Tommie Davis, the hero of the Leedsdale-Y. M. C. A. game, started it well enough, but his backing was poor, and it ended exactly where it commenced. After Davis got first on a pretty little single, Harker stepped forth and did his usual stunt, by striking viciously three times in space. Emmerling made a nice hit, and was followed by the same offense on the part of Barker. The latter was caught napping after Gibson was out at center, and it was all over. The score:

JAMESTOWN.	R.	H.	P.	A.	E.
Hopper, m.	2	1	2	0	0

HARRY LINDSEY IS DOING WELL

He is Pitching a Wonderful Game in
the Southern California League
And Has Bright Prospects.

The following from a Los Angeles paper shows Harry Lindsey, the youth that led the locals to victory at Rochester last fall, to be playing his usual good game:

"The Seraphs made a noble effort to win yesterday, but the handicap of two

Another new lot of

GO-CARTS

We sell the Sleeper Kind like your
neighbor has.

YOUR CREDIT IS GOOD.

ASK LEWIS BROS. ABOUT IT.

runs on inexcusable errors, and young Lindsey's pitching, proved an insurmountable obstacle, though the white-winged band that holds up Morley for salary as ball player, got the rabbit who was pitching for Uncle Harris to going a plenty in the sixth and seventh. Young Mr. Lindsey surely can pitch, even if he is about the smallest package that has been handed out in base ball delivery this season. A bunch of curves that would make the Venus de Milo look like a cracked ship in a dew deck; change of pace like an old man trying to ride a new bicycle; shoots that shoot, and a motion that beats the famous Tracy jail delivery half a mile, are his goods. If there are any more like young Mr. Lindsey, Los Angeles can use one or two.

"Early in the first inning the rabbit broke out a drop ball that looked like a man falling out of a balloon, and the Seraphic batsman refused to cut loose at it. Lindsey would wind up like one of those jerky electric clocks and then shoot out the ball platewards, but seemingly about three feet higher than anybody could reach. Up towards the batters the sphere would amble—over their heads a minute it would hesitate, until they struck at it, or got set for another ball, then it would drive down across the plate into Leahy's mitt. Anon there was a wide out-curve with a quick break on it, and the Seraphs bit with regularity."

BEAVER FALLS LOST AND TIE IS BROKEN

Each Team Had a Series And the Rub
Resulted in a Victory for
the Locals.

Before a large crowd of enthusiasts the Keystone Bowling club, of Beaver Falls, met defeat at the hands of the East Liverpool team on the Imperial alleys last evening. The first of the series of three games was won by the visitors, but the last two were taken by the locals. It was an exciting contest from the start and the victors had all they wanted to handle.

The individual records are as follows:

Beaver Falls—Wolf, 144, 171, 159; Billet, 143, 136, 180; Harris, 149, 170, 163; Billet, 128, 145, 118; Fry, 160, 163, 164; White, 175, 177, 144.

East Liverpool—Craig, 197, 165, 123; H. Clark, 167, 191, 147; Rigby, 157, 144, 120; E. Clark, 185, 159, 150; Carnahan, 154, 149, 201; Gatt, 196, 113, 156.

Wheeling Speed Program.

Secretary George Hook has announced the speed program for the next annual State fair at Wheeling Island. There are seven pacing races and five trotting events, in addition to four running races, one each day. The prizes aggregate \$6,850, and two \$1,000 purses are included. On Wednesday there will be a \$1,000 purse for \$2:17 trot, and on Thursday the board of trade stakes of \$1,000 for the 2:30 pace.

Lemons Knocked Out.

At the N. A. C. Beaver Falls, Harry Lemons, of Pittsburgh, was knocked out in the sixth round by Joe Youngs, of Buffalo, in the main bout, and Ed. Young, of Pittsburgh, lost the 6-round

WEIGH YOURSELF BEFORE USING

weigh yourself before commencing to use Mi-o-na, the great flesh-forming food. The wonderful sale on this preparation, since first introduced in East Liverpool and the remarkable results following its use, have made Will Reed such an enthusiastic believer in the great value of Mi-o-na, that he gives his personal guarantee to refund the money if Mi-o-na will not make thin people fat, cure indigestion and restore health.

This is a strong guarantee, but Druggist Will Reed has seen so many of his customers who a few weeks ago looked like walking skeletons, become plump and well, solely through the use of Mi-o-na that he feels he cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good, rich blood, tones up the weakened digestive organs, helps the food to digest, and makes permanent cures in the worst cases of indigestion.

preliminary to Charles Connor, of New Brighton, on the decision.

SPORTING MISCELLANY.

The West End Athletics are booked for a game at New Cumberland tomorrow.

A Cleveland paper sent 3,165 protests against the foul strike rule to President Johnson.

"Rube" Waddell and a Philadelphia drayman had a right of way fight. Both were arrested and discharged.

The Mt. Union college base ball team defeated the Allegheny college boys, of Meadville, Pa., by a score of 8 to 7.

The wealthiest pugilist in the world is said to be Charley Mitchell. The Englishman is rated to be worth close to \$200,000, and his wealth is increasing.

On paper Comiskey, of the Chicago American league, has a weak hitting team, and yet they are pounding the ball harder than any team he has had in several years.

Manager Leech Maskrey, of the Warren team, has signed Pitcher William Haslem, of Cleveland, who pitched good ball for the Cleveland State Hospital team last season.

Amos Rusie, the greatest pitcher that ever threw a ball, is managing and playing on the Vincennes (Ind.) team. Rusie is said to be in good form again and his playing this year will be watched with interest.

Washington does not appear to be doing so badly and the Senators are winning their share of the games. Delahanty is the life of the game, and his playing every day is one of the features. Washington has a salary list of \$50,000.

The death of W. Morrell, a prize

fighter, is recorded in England at the great age of 103 years. Once he fought a man named Brown for two hours and 20 minutes, and from the effects of the beating he received was blind for three days afterward. Later on he became a professional cricketer.

Bond No. 3, dated February 1, 1903, due February 1, 1906. Amount 194.00
Bond No. 4, dated February 1, 1903, due February 1, 1907. Amount 204.00
Bond No. 5, dated February 1, 1903, due February 1, 1908. Amount 213.00

Said bonds will bear interest at the rate of six per cent per annum, payable annually, both principal and interest being payable at the office of the treasurer of the said city.

Bidders will be required to state in writing and in figures the gross amount they will pay for the bonds bid for in addition to the accrued interest at the date of delivery, and no bid will be accepted for less than par and accrued interest at date of delivery.

Each proposal must be accompanied by a certified check on some National bank for 5 per cent of the amount of the bid, check to be made payable to the order of the clerk of said city, as a guarantee that if the bid is accepted the bonds will be promptly paid for when delivered, otherwise said deposit to be forfeited to said city.

The city council reserves the right to reject any and all bids. Proposals should be addressed to WILLIS DAVIDSON, City Clerk, Published in the Evening News Review for thirty days commencing April 30, 1903.

A Little Common Sense

Rheumatism, Eczema, Hives, Tetter, Scrofula, Erysipelas, etc., are caused by impure blood. Purify the blood, and you have removed the cause, and cured the disease.

To purify the blood you must have perfect digestion on the one hand, that the blood may be supplied with healthy nutrition, and perfect excretion on the other that all the impurities may be thrown off.

Life Plant insures perfect digestion and perfect excretions, because it contains ingredients that perform those functions, acting together in perfect harmony. Life Plant is guaranteed to cure Rheumatism, Eczema, Catarrh, Hives, Tetter, Scrofula, Stomach and Liver troubles—and all forms of blood diseases.

Catarrh.

Mr. F. Hurst, Father of Hurst Brothers, Grocers, New Philadelphia, Ohio, says:

A member of my family for six years or more, has had a severe case of Catarrh in the head and throat causing nervous prostration, with so much pain and roaring in head, that the hearing had become materially affected, the stomach deranged and the appetite gone, and with a feeling of prostration and lassitude.

Rheumatism

Is Not a Skin Disease.

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters, but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real cause of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating matter and a lasting cure of this most painful disease effected.

S. S. S. is a harmless vegetable remedy, unequalled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.

TRADE IN TRENTON IS FAR FROM GOOD

Pottery Manufacturers Uneasy and Say They Can't Increase the Wages.

WORK OF THE CONVENTION

Means a Great Deal to the East And Is Being Watched With Unusual Interest—Factory Owners And the Uniform Scale.

From a Staff Correspondent.

Trenton, N. J., May 8.—Manufacturers say the pottery interests of Trenton are now passing through a crisis. Upon the action of the convention of the National Brotherhood of Operative Potters, now in session at Wheeling, W. Va., practically depends the immediate future of the trade in this city. In addition to the decided falling off in business, the manufacturers fear that the Brotherhood may endeavor to enforce a uniform price list, which may revolutionize working conditions and incidentally compel them to grant the operatives an increase in wages out of their limited resources.

The trade, they say, is in no condition to stand an increase in wages. A uniform price list with an advance in wages eliminated, they will accept, feeling that such uniformity will be in line with the principles of the Potters' association, which was formed to maintain a more even competition and prevent the wholesale cutting of prices.

That the condition of the trade needs an overhauling, not one of the manufacturers will deny, as many of them have in their plants at the present time men who are working under different price lists and all making the same kind of ware. This difference in prices dates back to the last general ware strike, when many of the operatives went back to work at reduced wages and have maintained this standard to the present time. Those who were fortunate enough to secure their old places without offering the manufacturers a slice off former wages are about the only ones who are skeptical about a uniform price list, claiming that it will reduce their wages. What the provisions in the new list will contain no one knows, but it is understood that if the uniformity is to be reached by cutting the wages of some of the men, it will be done regardless of their protest.

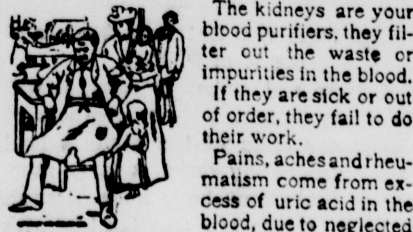

In a uniform price list, both the Brotherhood and the manufacturers will have to meet with inferior conditions of most of the eastern plants, which was the principal drawback to the enforcement of the old list. In compiling the new list, or rather putting it into force, the Brotherhood will have to allow the men in proportion for such conditions and this is one of its many phases which will cause many clashes between the two parties.

No meeting in the history of the Brotherhood was ever watched with such keen interest as the present gathering at Wheeling. For the past six months the jigmen, kilnmen and general ware pressers had been wrestling with the problem of a uniform price list. The east went into the convention feeling that they must have things their way, as most of the operatives are inclined to view the list as a purely western measure. Whatever the outcome of the contention may be, the chances for a prosperous year here are not very rosy. Salesmen returning from all parts of the country report small business and the

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

plants are now working on orders filed about the first of the year and most of these are for a cheap grade of ware to be used by large mercantile houses in advertising the sale of some product.

The sanitary trade is enjoying a fair amount of prosperity, but is being held back somewhat by the numerous labor strikes in the country, making matters very uncertain.

Former Councilman Andrew Cochran, one of the owners of the Ironsides pottery at Bordentown on Wednesday, filed in the court of chancery an answer to his wife's suit for alimony, making a general denial of his wife's charges and substituting a number of allegations reflecting unfavorably upon her. Mrs. Cochran in her bill charges her husband with entertaining other women at her house while spending the summer at a seaside resort and afterward becoming addicted to the excessive use of liquor and neglecting his home and children. The defendant charges his wife with consorting with William Cobine and frequenting low resorts.

The Mercer County Central Labor Union is rounding up the locals of the National Brotherhood of Operative Potters for the purpose of having them represented in the central body. The locals, aside from taking an interest in their respective trades, have seldom went outside and offered a helping hand to their brother organizations. As a result of this crusade the jigmen, saggers, kilnmen, turners, throwers and handlers, general ware pressers and printers have selected delegates who will in the future take part in the deliberations of the central body.

"Neglected colds make fat graveyards." Dr. Wood's Norway Pine Syrup helps men and women to a nappy, vigorous old age.

TRAIN CREW CAPTURE ROBBERS

Footpads Place Unconscious Victim on Railroad Track—Assailants Are in Jail.

Washington, Pa., May 8.—Emmet S. Camden, a grocer of West Columbia, was attacked by footpads, knocked unconscious and robbed, and his body placed on the tracks of the Pittsburgh, Virginia and Charleston railroad, before an approaching train.

The train crew saw the man lying on the tracks and the assailants making off down the railroad tracks. They moved Camden's body and, putting the engine at full speed, gave chase to the robbers. The robbers left the tracks and the trainmen gave chase on foot and closed in on them. Two of the gang surrendered, the other escaping in the darkness. Their weapons were taken from them and the money and valuables they had taken from Camden were secured.

The men arrested gave their names as Thomas Donahue, of McKeesport, and Thomas Blackburn, of Dunbar. They were given a hearing before Alderman Castner and committed to jail without bail.

Deputy Sheriff Fitzpatrick went to West Columbia and, securing the two men, brought them to the county jail.

Business of Potters' Convention.
Wheeling, May 8.—Two resolutions were introduced at the convention of the National Brotherhood of Operative Potters, one providing for an advance of 10 per cent on present wages, the other providing for a 12 1/2 per cent advance. Both were laid over until Friday. The resolution favoring a three-year wage agreement with the manufacturers was reported with adverse recommendation and defeated after a warm fight. The convention decided that a three-fourths majority be necessary for the declaring of strikes, instead of the present law requiring nine-tenths vote. The delegates were given a trolley excursion in the evening, followed by an elaborate banquet.

COURT CALENDAR

Assignment of Cases for Next Week in Court at Lisbon.

Lisbon, May 8.—(Special.)—The assignment of cases for next week in court is as follows:

Monday, 1 p. m.—Clarence Kountz vs. J. A. Crowley et al.

Sold in East Liverpool by J. W. Reed. Call or write, Blood Balm sent by express. Sample and Circulars sent Free.

Mill Team Won.

The base ball team from the mill office defeated the team from the master mechanic's office, both of Wells-ville, at Central park yesterday afternoon by the score of 12 to 5 in seven innings. The crowd was small, but the game interesting. Neither team has done any practicing and a number of errors were made. Grafton filled the box and Culbertson was behind the bat for the shop boys, while Knox did the twirling and Dr. McClure caught for the mill men. Charles R. McGregor, Jr., acted as umpire. The shop team took its downfall good naturedly and challenged the mill team to another game soon. This was accepted.

1,000 BOTTLES FREE

Dr. Kennedy's Favorite Remedy the Acknowledged King of Medicine for the Kidneys, Liver, Bladder and Blood.

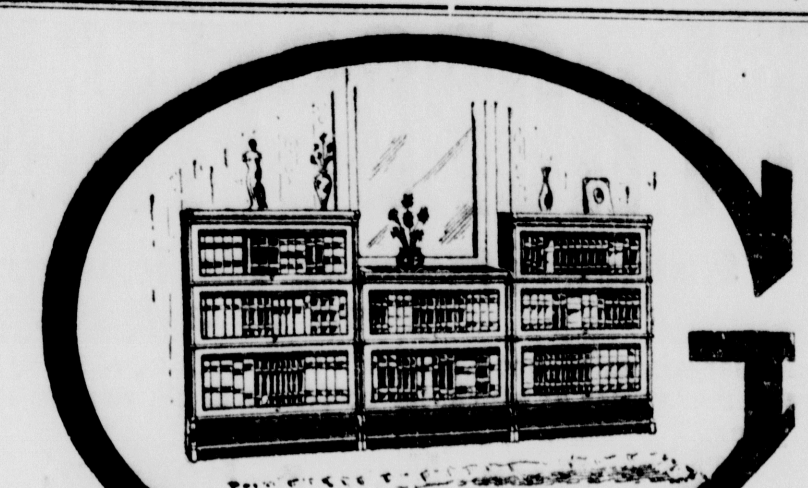

No. 560.
Every reader of the News Review can have a trial bottle of Dr. David Kennedy's Favorite Remedy absolutely FREE, by presenting this coupon at Hodson's Drug Store, Corner Fifth and Broadway, East Liverpool, O.

A PROPOSITION SALE

Saturday Morning We Inaugurate a New Kind of a Sale.

Not a bargain sale—not a fake sale of everything in the store for less than cost—not one of those sales at which, for no reason at all, you are offered so-called wonderful bargains.

This Sale Has a Reason, a Sensible Reason, Judge for Yourself.

Our Mr. Samler has just returned from New York where he informs us he succeeded in buying, for spot cash, the greatest bargains ever procured by him while in business. These goods are now arriving. As usual we follow our custom of sharing the savings with you—therefore we submit the following PROPOSITIONS.

SOCIAL EVENTS

BANQUET TONIGHT

Junior Class Will Entertain Seniors at the K of P. Hall.

A large and elaborate banquet will be given tonight by the members of the junior class of the high school to the graduating class. A large number of invitations have been issued, and the guests are anticipating with pleasure the hospitality of the juniors, who have spared nothing to make the banquet one of the most elaborate ever given in honor of any senior class.

The entertainment will be given in the Knights of Pythias hall from 8 until 12.

Ladies' Aid Entertained.

Mrs. Henry Horst delightfully entertained the Ladies' Aid society of St. John's Evangelical Lutheran church at 3 o'clock yesterday afternoon. After an important business meeting Mrs. Horst provided pleasing social entertainment.

Silver Wedding.

The many friends of Mr. and Mrs. Josiah T. Smith are looking forward with pleasure to their silver wedding anniversary, which will be appropriately observed tomorrow evening at their home on Calcutta street.

ARRESTED AND JAILED AT PARENTS REQUEST

A Young Man Near Wellsville Charged With a Serious Crime.

George Eastman, who has been living with his parents on the Lisbon road about one mile north of Wellsville, was arrested last evening by Deputy Sheriff Dan Davidson in Brubaker's saloon, Third street, Wellsville, and landed in the jail of that city. He was taken to Lisbon this morning and will answer to the court for the alleged crime of incest.

Eastman was arrested at the instance of his parents, who preferred the charge against him several days ago. It is said that he is a degenerate.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

New Arrivals—Mr. and Mrs. Edward McHenry are the proud parents of a baby girl that arrived at their home last evening. A bouncing baby girl has brightened the home of Mr. and Mrs. Arthur Hill. A son has been born to Mr. and Mrs. Arthur Ward, Pleasant Heights.

His First Visit—Moses Swindells was fined \$2 and costs this morning for being found drunk yesterday afternoon by Officer Auderheide. He told the mayor that it has been customary for him to greet the chief executive of the city twice during an administration and he would call this his first one.

Going to Marietta—McCoy Circle, Ladies of the G. A. R., last evening held a business meeting at the G. A. R. hall. Following the regular business arrangements were completed for attending the encampment at Marietta. Arrangements have been made for those who go from East Liverpool to take the special car which will be attached to the 8:03 o'clock train on Monday morning.

The Great May Clothing Sale For Men and Boys

No Old Cheap Goods Made for Fake Sales

But all nice reliable, clean made goods, made to our order for our trade only. We can not afford to ruin our reputation with trashy goods. Remember we sell **Moore & Beirs' Tailor Made Clothing** that has no equal.
